PART I

GENERAL

Proceedings of the Government of Mysore,

READ—

Letter No. 6378, dated 30th May 1901, from the Comptroller to the Government of Mysore, stating that casual leave granted under Articles 171 and 175 of the Mysore Service Regulations need not be notified in the *Gazette*, but that the grant of such leave may be intimated to him for being noted in the register maintained in his office, so that the limit of fifteen days of such leave to which an officer is entitled in each calendar year, and which, under Article 176, is treated as on duty, is not exceeded.

No. 16813—MIS. F. 9-1900, DATED BANGALORE, 18TH JUNE 1901.

ORDER THEREON—Government concur in the opinion expressed by the Comptroller and direct that a continuous record of all casual leave granted under Article 171 of the Mysore Service Regulations to all officers whose leave is at present being notified in the *Gazette*, be correctly kept in the Comptroller's office. Casual leave granted under Articles 172 and 173, which partakes of the nature of privilege leave, should, however, continue to be notified as heretofore.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

Letter No. 5123, dated the 3rd May 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

In accordance to Government Proceedings No. 13256-64--Mis. F. 98-93 of 8th April 1901, a circular was forwarded to the various District Surgeons.

2. Since then the Civil Surgeon, Mysore, has brought to my notice the delay entailed by requiring the Medical Officers, and not the Revenue Officers, to report the outbreak of cholera in Mysore Territory to the authorities in British Territory. For the Revenue authorities get information of such outbreaks sooner than the Medical, and indeed the latter usually receive such information from the former. I have the honor therefore to recommend that our Revenue authorities, at the same time that they report outbreak of epidemic disease to our own Medical Officers, do also forward a similar report to the Collectors in British Territory in their neighbourhood.

No. 16972-80—G. F. 98-93, DATED BANGALORE, 20TH JUNE 1901.

ORDER THEREON—Government approve of the proposal of the Senior Surgeon made in the above, and direct that the Deputy Commissioners of Districts will give intimation to the District Medical Officers of the outbreak of epidemic diseases in their respective districts, as required by Government Proceedings No. 16956-64—G. F. 98-93, dated 19th June 1901, also cause a similar intimation to be given to the officers of the adjoining districts, both in Mysore and in British India.

Correspondence ending with letter No. 547, dated 16th March 1901, from the Compiler, *Mysore Gazette*, submitting certain proposals with a view to securing economy in printing the *Gazette*.

No. 16999-17008—G. F. 38-98, DATED BANGALORE, 20TH JUNE 1901.

ORDER THEREON—The Compiler thinks that it is unnecessary to publish in full, in three or more issues of the *Mysore Gazette*, long notices such as those for sales of lands for arrears of revenue, and for tenders for articles required for Government, and proposes that after the first publication of such a notice in detail, a small para may be published in two subsequent issues calling attention to the larger and detailed notice in the first issue. This proposal, which is calculated to effect a great saving in cost, is approved. Heads of Departments and Deputy Commissioners of Districts are accordingly requested to send to the Compiler, in future, short abstracts along with any long notices which they may forward for publication in the *Gazette*.

2. The proposal to substitute "Badami" for "Printing" paper for printing Part II and the Kanarese portion of the *Gazette* does not commend itself to Government.

3. Government are not at present prepared to raise the rate of subscription to the *Mysore Gazette*, nor to direct the destruction of any portion of the *Gazette*.

The Report on the working of the Amrut Mahal Department for the year 1899-1900

No. 17244—MIS. 4305, DATED BANGALORE, 24TH JUNE 1901.

REVIEW THEREON—*Stock.*—Including 1,689 calves born during the year under review, there was a stock of 11,265 cows, bulls and calves, which were reduced by sales, deaths and other causes to 9,277 at the end of the year. The opening balance of stock of sheep and goats was 1,719, which was increased by 587 by births and other receipts.

2. *Deaths.*—The total number of deaths among the bulls, cows, &c., was 1,711 which shows an increase of 764 head over those reported in the previous year. The percentage was 15·1 as against 9·7 in 1898-99 and was much above the average of some years past. This high mortality is attributed to the exceptionally bad season of the year. Owing to scarcity of rainfall in most parts of the Province, the growth of grass in the Amrut Mahal kavals was poor and fodder was insufficient for cattle. In the Sheep Farm there were 224 deaths.

3. *Sales.*—Owing to bad season again, the demand for cattle was very small, as it has been the case for some years of late. In the course of the year, 253 bulls, cows, &c., and 312 sheep and goats were sold as against 492 and 292, respectively, in the year preceding; the amounts realised being Rs. 10,743-12-0 and Rs. 609-10-6, respectively, against Rs. 21,073-8-0 and Rs. 585-12-6 in the previous year.

4. *Revenue.*—The receipts of the Department under all heads were Rs. 12,444-1-7, or Rs. 10,779-8-0 less than in the previous year, owing chiefly to the smaller number of cattle sold. The outstanding balance of the year 1898-99 was Rs. 5,356-8-9 of which Rs. 1,712-12-3 are stated to have been collected. The Superintendent apprehends that a large part of the balance, *viz.*, Rs. 3,643-12-6 will have to be struck off. The separate report with full particulars promised by him in connection with this should be submitted without any delay. The balance for the year 1899-1900 amounted to Rs. 272-14-11.

5. *Expenditure.*—The total expenditure amounted to Rs. 34,623-9-11, against Rs. 34,190-2-2 in the previous year; thus exceeding the receipts by Rs. 22,179-8-4 against Rs. 10,966-8-7 of the year preceding. This increased rate of expenditure is explained to be due to unfavorable season which affected the sale of cattle, hides, &c., and left no surplus grazing for sale.

Resolution of the Government of India, Home Department, No. 987-1013, dated 25th February 1901, re the curtailment and reduction of Periodical Reports and Returns.

RESOLUTION.

The Governor General in Council has for some time had under consideration the question of the curtailment and reduction of periodical reports and returns in view of the removal of the complaint often made—as the Government of India consider with reason—that the time of officers engaged in the different branches of the Civil Administration is occupied in the preparation of such reports and returns to an extent that is detrimental to the proper performance of their other duties. The question does not now come before the Government of India for the first time, and before enumerating the directions which the Governor General in Council has determined to issue, it is desirable to refer to the discussions of former years on the subject.

2. As long ago as 1872 the Secretary of State for India drew attention to the number and voluminous character of the printed reports forwarded for the information of Her Majesty's Government. The subject was at that time approached mainly from the point of view of the desirability of restricting the expenditure in printing public documents, and the Government of India in their Resolution of 21st November 1874 suggested, for the consideration of Local Governments and Administrations,—

(1) that the separate printing of some departmental reports should be prohibited, their subject matter being digested and edited in the annual administration report;

(2) that the reports of which the separate printing was sanctioned should, as a rule, be limited to a fixed maximum number of pages and to a fixed size of type and page not to be exceeded or changed without the sanction of the Local Government;

(3) that all Heads of Departments should be required to condense and edit instead of reproducing *in extenso* the reports of their subordinates unless any particular report possessed special value and interest that would be lost by condensation.

The Local Governments and Administrations were requested to prepare lists of reports submitted to them for ultimate transmission to the Government of India (1) which might be separately published and limited in size, or (2) which might be in future abandoned as separate reports and included in the general administration report, and to consider how far the conclusions of the Government of India might be extended to reports submitted to the Local Governments and Administrations but not sent on to the Government of India. These instructions were approved by the Secretary of State with the caution that the Government of India should be careful not to offer any impediment to the collection of really valuable statistical information.

3. As a result of the reference to the Local Governments, the Government of India determined (1) that the more important reports must be separately printed with the review of the Local Government upon them, and left it to the Local Governments to decide whether a few of the less important reports should be printed or not; (2) not to press the suggestion to fix a maximum number of pages for each report, but they directed Local Governments to instruct subordinate officers to reduce the departmental reports to a more convenient size; (3) that all annual reports should be printed in foolscap folio, the type of the report proper being solid pica, and that of the extracted matter and the appendices small pica; (4) that Heads of Departments should be forbidden to reproduce *in extenso* the reports of subordinates.

4. These instructions had such little effect that in 1885, the late Sir Charles Aitchison, then Lieutenant-Governor of the Punjab, approached the Government of India with proposals for reform in the preparation and treatment of annual reports based upon the conclusion that the system of reporting had grown to be a great incubus upon the administration, and that it was incumbent on the Government to lighten the load as much as possible. He stated that the annual reports in the Punjab had in many cases become far more elaborate and detailed than was the case ten years before. The measures of reform suggested were the discontinuance of any separate reports which could be shown to be unnecessary; the substitution of triennial for annual reports in the case of all reports of value rather from a statistical or financial than from an administrative point of view, returns accompanied by the briefest possible notes being prepared in the other two years; and, in the case of the more important reports, the introduction of a system under which a full report would be submitted every third year and brief reports in intermediate years.

5. The Government of India, while sympathizing with the desire of the Punjab Government to reduce within more reasonable dimensions the work of writing and reviewing reports, had doubts whether the proposals made might not, if carried out in their entirety, have the effect of depriving departmental officers of a ready means of ascertaining the latest particulars in regard to current departmental administration, and of benefiting by the experience of each year as embodied in the annual report. They were also apprehensive that the discontinuance of the annual reviews of departmental reports by Local Governments and Administrations might remove a very useful check, and possibly lead to a perpetuation or continuance of errors of policy or administration which it was desirable to remove without loss of time but which, under the proposed arrangement, might not come to the notice of the Local Government until the lapse of a considerable period after their introduction. It appeared to be also possible that under the system proposed the intermediate reports might become so brief as to be of little practical value, and the triennial report unduly prolix. The absence on leave of permanent officers would also interfere with the preparation of the full triennial report, and a Lieutenant-Governor in a five year's tenure of office would be able to review the work of any department at most twice, and possibly only once. They, therefore, considered that annual reports on the more important branches of the administration must continue, but that in the case of some of the less important departments a brief report for two years with a full and careful report in the third year would ordinarily suffice, and that in some departments it would not be necessary to require more than a full report every third year with brief notes in the intermediate years.

6. After consultation with the Local Governments the conclusion of the Government of India was embodied in Home Department Resolution No. 28—1579-95, dated 15th July 1887, and published in the *Supplement to the Gazette of India* of the 23rd idem. It was briefly that annual reports must be maintained, firstly, where the reports deal with the application of administrative principles still open to modification, or the concrete working of which has to be watched, and secondly, where the reports contain statistics which for administrative purposes must be compiled and examined annually. Applying these prin-

ciples it was decided to maintain as annual reports the following reports submitted to the Home Department of the Government of India, *viz.*, those on General Administration, Municipal Administration, Local Boards' Administration, Education, Civil and Criminal Justice, Jail Administration, Police Administration, and Lunatic Asylums. It was determined that the reports on Registration, Dispensaries, Vaccination, and the Destruction of Wild Beasts and Snakes should be submitted triennially, statistical returns and brief commentaries in the shape of notes being submitted in the intermediate years. At the instance of the Secretary of State this decision was subsequently modified in regard to the report on the destruction of wild beasts and snakes which he wished to be submitted annually as before.

The Government of India also expressed their opinion that the compression of reviews was not less called for than the curtailment of reports and directed that a review should contain only what is necessary to communicate the judgment of the reviewing authority regarding the salient features of the report.

7. This second attempt to reduce the volume of reports had as little effect as the first, and an examination of recent reports shows that the standing orders of the Government of India have been to a large extent ignored in practice. In spite of their appeal to Local Governments and Administrations to insist on curtailment of reports to the utmost extent which is consistent with a proper examination of the facts and figures presented in them, many of the annual reports are more diffuse and imperfectly edited than ever. In spite of the opinion expressed by the Government of India that the compression of reviews was urgently called for, the reviews of Local Governments and Administrations in many instances continue to contain a large amount of matter which is merely an abridged repetition of what is set forth in the report itself. In cases in which triennial reports have been prescribed the tendency has been for the commentaries of intermediate years to gradually increase in volume. For instance, the last triennial report on the administration of stamps, submitted by one Local Government, filled 24 pages of narrative and 31 of statistics, and the last intermediate commentary 9 pages of narrative and 24 of statistics. With the triennial report were submitted statistical returns for three years, and with the intermediate commentary for two years. Thus all the statistics were given three times over. The instructions issued in 1878 that the reports of subordinate officers should not be printed *in extenso* have been frequently ignored. An instance of the extent to which this direction is neglected is found in a report regarding the administration of Local Boards recently received. The orders contained in the Home Department Circular No. 41—3121-30, dated the 8th December 1888, prescribed a brief report by the Local Government with statistical tables, yet in this report were printed no less than 73 pages of reports from Commissioners and Deputy Commissioners, the report of the Local Administration itself being in the form of a resolution covering only about two pages. The orders which require reports to be printed in type of a particular kind are not infrequently disregarded. In cases in which definite dates have been fixed as the latest on which annual reports are due to be submitted to the Government of India serious attempts do not appear to have been made to comply with the order. In Home Department No. 11—790-801, dated 24th April 1891, the latest date for the submission to the Home Department of the Government of India of each of the annual reports submitted to it was fixed. In the last year for which each report was due 62 were submitted in time, 77 were less than a month late, 33 more than a month and less than two months late, and 30 more than two months late, the period of default reaching in several instances to over four months.

8. The Government of India believe that previous orders directed towards the reduction of the size of reports have mainly failed in their object because they enunciated general principles instead of also pointing out definite flaws in practice. To some extent also their failure was due to the disregard by Local Governments and Administrations as well as by subordinate officials of the definite orders laid down by the Government of India. The Governor General in Council has now carefully reconsidered the question of reducing the number and bulk of annual reports and periodical returns, and has determined to lay down more precise directions for future observance. His Excellency in Council is confident that he may rely on the earnest support of Local Governments and Administrations in amending and restricting the further growth of a procedure which impairs the administrative efficiency of officials whose time is consumed in writing reports so overlaid with detail that they convey no clear impression of facts to the controlling authority or the public.

9. Owing to the peculiar conditions of service and the frequent change of *personnel* in India more and longer reports are required in this country than in Great Britain or the Colonies. Their use in India is to place before the Local and Supreme Governments a complete record of the year's operations, and to furnish the officers of Government with a permanent and easily accessible record of the past experience of others than themselves in the Department in which they are serving. They are also required to furnish the Secretary of State for India with full information regarding the progress of administrative affairs in India, to provide materials for the compilation of the report on moral and material progress, the statistical abstract, and other returns which must be presented to

Parliament, and to facilitate the preparation of answers to questions in Parliament without reference to India. Lastly, they are useful in providing for the public, both in India and Great Britain, accurate information and statistics regarding the progress of the administration in all its branches.

10. In order to be really valuable for these purposes a report should consist of accurate facts and figures with concise and intelligent criticism of them, both facts and comments being contained within reasonable compass. In proportion as its space is occupied by discussions, even though they may be useful or interesting in themselves, or by the record of the writer's views on points cognate with the subject matter of the report, its utility will be diminished. A narrative is required, as well as tabulated statistics, in order to adequately exhibit the facts of the year's administration, but there is a tendency on the one hand to introduce into the narrative much that might be compressed into brief statistical tables, and on the other hand to embody tabular statistical tables in the letter press of a report because the writer is inclined to exhibit the facts in a form prepared mechanically by ministerial subordinates rather than adopt the more laborious and more useful process of digesting them into a concise and lucid narrative. The multiplicity of tables by no means ensures brevity of narrative and the object in view is so to distribute the information between narrative and statistics as to present the record of the year's work in the most interesting and comprehensible form.

In order to attain this object the following principles should be strictly followed :—

(i) the report should contain only the explanation of really important or suggestive variations in the statistics, and the statement of really noteworthy facts in the history of the year's administration ;

(ii) no mere paraphrasing and reproduction of the statistics should be allowed in the report ;

(iii) all attempts to offer explanations of variations in the figures, which are not important or unusual, should be excluded unless the fact alleged in explanation is in itself important enough to demand mention ;

(iv) the idea that it is necessary to say something should be discarded, and it should be recognized that the briefer a report is the better, if it says all that need be said to show an intelligent comprehension of the meaning of the facts and figures and of the salient features of the year's work.

These principles apply equally to the reviews of Local Governments and Administrations. A review should be strictly limited to comment or criticism on the general results, so far as comment or criticism is required, or to directions arising out of some statement of fact or opinion which seems to require notice by the Local Government or Administration. If a precis or summary of the report is made for the convenience of the head of the Local Government or Administration, it is not necessary that it should be published.

11. In order that these principles may be carried properly into practice it is essential to prescribe a maximum limit for each report. The proposal that this should be done was, the Governor General in Council considers, put aside on insufficient grounds in 1878, and experience shows that no lasting reform in the curtailment of reports is likely to be secured if this check is abandoned. The circumstances of the different provinces are in many respects dissimilar, and it will not be possible to fix the same limit for the same report from each province. What is required is that a maximum limit suitable for a year of ordinary conditions should be fixed for each report submitted in each province. This limit need not be worked up to in every year, but it should never be exceeded unless the writer has for exceptional reasons sought and obtained, before undertaking his report, from the Government of India or the Local Government, whichever is the authority to which the report goes in the first instance, permission to exceed it in a particular year. At present the writer of a report usually places before himself, as a standard from which he must not fall short, the length of his predecessor's report. It is unreasonable, however, that the State should, unlike any other employer of literary labour, give its writers unlimited discretion as to space.

12. The principles stated in paragraph 10 should be followed, so far as they apply, in the preparation of reviews of reports by the Local Governments. It is the practice in connection with some reports to have intermediate reviews between the actual report and the review of it by the Local Government. Thus some Boards of Revenue or other authorities review in this manner excise, opium, salt, income tax, and stamp reports, and in Madras the reports on the destruction of wild beasts and snakes, and the Commissioners of Divisions review other reports. The Governor General in Council desires that all such intermediate reviews formally recapitulating or summarising the matter contained in the district reports shall be suppressed. This, however, will not apply to comments of either the Board of Revenue or the Commissioner of the Division on a report made in compliance with the general or special request of the Local Government. Such comments may be

made briefly on the margin of the original report, or be embodied in a concise note so that they can be utilized, if necessary, by the Government in preparing its review, or for the purpose of issuing any orders that may be considered necessary.

13. In some of the annual reports the amount of statistical matter in the report (apart from its appendices) covers as much space as the letter press itself. The introduction into the text of large numbers of tables of superfluous and unassimilated statistics (usually a reproduction in an abridged form of the statistics in the appendices) detracts from the value and interest of a report while it greatly increases the cost of printing it. In the opinion of the Government of India the body of the report should be almost entirely in narrative form. It will occasionally be necessary to introduce tables of comparative statistics into the narrative, but such tables should be brief and simple and their number rigidly restricted.

14. The Government of India have prescribed statistical tables to accompany a large number of the reports submitted to them, but in the case of some reports, *e. g.*, those relating to the land revenue and excise, divergent local conditions make the use of general tables for all provinces impossible. In the case of all reports for which tables have been prescribed by the Government of India, no additional tables should be appended to and referred to in the Report without the previous sanction of the Government of India.

It should be particularly noted that no addition to or modification in any of the tables prescribed by the Government of India should be made without the previous sanction of that authority. The effect of such modifications is to make interprovincial or other comparisons difficult or impossible, and to prevent the construction of general tables for all India.

15. There are a few minor matters in connection with the preparation of reports to which the Governor General in Council desires to draw attention:

(i) when maps are given it is convenient to place them at the beginning or end of the volume:

(ii) it is desirable to restrict the number of maps and diagrams: these may be occasionally useful as graphic illustrations of interesting or important variations, and in reports of a special character, such as that relating to railways, diagrams may be necessary, but for ordinary reports, tables answer all purposes:

(iii) tables of statistics should not be printed sideways on a page unless distinct economy of space thereby results. The foolscap size lends itself easily to the printing of tables with their heading across instead of along the length of the page:

(iv) pages of tabular matter are frequently printed with the columns left entirely or almost entirely blank. This is in almost all cases unnecessary. It can often be remedied by dispensing with columns seldom used, and sometimes by discontinuing or recasting the return:

(v) the number of pages fixed as the maximum limit of the report should be given on the page containing the table of contents:

(vi) the practice of giving in full detail and in separate columns in tables of statistics the corresponding figures for the preceding year is objectionable. In most cases it will be found sufficient to give corresponding figures for the totals only, by means of one additional line at the foot of the table.

(vii) cross references between the statistical tables and the paragraphs discussing them should be given by means of marginal entries on the paragraphs and, if possible, also on the tables themselves:

(viii) the directions of the Government of India that reports should be printed in solid pica and the extracted matter and appendices in small pica should be strictly followed:

(ix) a date should be fixed for the submission of every report in respect of which this has not already been done, and Local Governments and Administrations should insist on all reports being submitted by the fixed date, and whenever there is inexcusable or careless and persistent unpunctuality, bring the offending officer sharply to book.

16. The Government of India have recently received from the Secretary of State suggestions for the curtailment of the statistical appendices attached to the general administration report. The Government of India are considering the question of dispensing

with many of the tables attached to that report, and of effecting a large reduction in the space devoted to the letter press. A separate communication will shortly be made to Local Governments and Administrations on this matter.

17. In the opinion of the Government of India the relief of officers engaged directly in the work of administration from unprofitable office work can be attained not only by curtailing the size of the annual reports which they have to submit, but also by reducing the number of subsidiary reports and returns, monthly, quarterly, and half-yearly, which Collectors of Districts and other local officers are now required to submit to superior authority. An inquiry made in the Madras Presidency a few years ago was followed by the abolition of many such reports and returns, and in the extension to officers of all grades engaged in the district administration of wider powers in a variety of directions with the result that much correspondence asking for sanction or reporting action in regard to these matters has now been dispensed with. The Government of India desire that an inquiry of this nature should be undertaken under the orders of other Local Governments and Administrations by a selected officer of experience both in Secretariat and district work. The Government of India will, in separate communications which are in course of preparation and will shortly be addressed to the Local Governments and Administrations, indicate generally the extent to which the reports submitted by Local Governments to the Supreme Government might be curtailed, and will issue detailed instructions and suggestions for adoption by Local Governments and Administrations in respect of the reports on matters in which the Government of India have a special financial or other interest. In the case of the majority of the reports the suggestions of the Government of India will have to be carried into execution under the orders of the Local Government or Administration; and in order to facilitate this, definite proposals for the curtailment of individual reports should be worked out in detail for the consideration of the Local Government and Administration by the officer on special duty in communication with the officer responsible for the preparation of the report. The orders issued by the Local Governments and Administrations in respect of the reports submitted to each Department of the Government of India should be separately reported to that Department. In order to facilitate the inquiries of the special officer it would be convenient that he should call for a statement in the form appended to this Resolution of all reports and returns whether submitted to the Government of India or to any other authority, and that the statement should mention the date on which each report or return has to be submitted by the local official, and, in the case of reports and returns furnished to the Government of India, the date on which it is forwarded by the Local Government. The statement should also note how many of the returns are required for the purposes of the Local Government or Administration or of any authority subordinate to it, and how many are furnished in obedience to the instructions of the Government of India. The Government of India would be obliged if an amalgamated statement for each province of all such reports and returns appertaining to it is furnished to each Department of the Government of India. When orders have been passed by the Local Governments fixing the reports and returns which will have in future to be furnished by local officials, steps must be taken to ensure that they are not again added to without proper scrutiny, and that all the reports and returns which continue to be furnished are carefully examined in order to test whether the directions as to their preparation have been fully complied with. On the receipt of a report by the Government of India a similar examination will be made, in order that any tendency to ignore the principles now laid down may be promptly and effectively checked.

18. The Governor General in Council desires to make it clear that there is no intention of allowing these reforms to be as unproductive of result as some of their predecessors have been. The Supreme Government and the Local Governments are equally confronted with an abuse which has attained to grave, and in some cases extravagant, dimensions, and which is injurious to the efficiency of both. Its remedy is, therefore, a common interest. A good practice is as capable of enduring as a bad practice, if it be given a fair start; and the Government of India feel confident that by a simultaneous and unremitting vigilance in the departments both of the Supreme and the Local Administrations, and by fidelity to the principles that have been or are about to be laid down, a serious obstacle to good Government in India will be sensibly abridged, if not altogether removed.

[To High Court, Calcutta, by letter.]

Order—Ordered that a copy of this Resolution be forwarded to all Local Governments and Administrations for information and guidance; and that a copy be forwarded to the Departments of the Government of India for information and further necessary action, and to the officers subordinate to this Department for information and guidance.

Ordered also that the Resolution be published in the *Supplement to the Gazette of India.*

No. 17280-319—MIS. 4317, DATED BANGALORE, 25TH JUNE 1901.

ORDER THEREON—In republishing the foregoing, Government take the opportunity of inviting the attention of Heads of Departments and Deputy Commissioners to the salutary instructions therein contained, and of expressing the hope that those instructions will be carried out by them as far as possible. A statement in the form appended to the Resolution read above, should be submitted *as quickly as possible* for the final orders of Government. It is the wish of Government, that what should be aimed at is minimum of space, consistent with completeness of useful information, and that the annual reports and returns for 1900-1901 should be prepared in accordance with the above instructions and forwarded to Government punctually on due date. Belated reports and returns lose much in value, and Government confidently rely upon Heads of Departments and Deputy Commissioners doing everything in their power to avoid them in future.

Letter No. 424, dated 27th May 1901, from the Superintendent of Stationery.

No. 17503-42 —MIS. 4343, DATED BANGALORE, 27TH JUNE 1901.

ORDER THEREON—In the letter above read, the Superintendent of Stationery has again brought to notice the inconvenience caused to his office by certain officers not having promptly submitted their annual indents for stationery and forms for the official year 1901-1902, as required by paras 26 and 46 of Government Proceedings No. 12810-45—Mis. 2715, dated 1st April 1898. The attention of all Heads of Departments and Deputy Commissioners of Districts is drawn to the remarks conveyed in para 3 of Government Order No. 13136-75—M. F. 24-94, of 1st June 1900, and they are requested to forward the indents of their respective offices direct to the Superintendent of Stationery with the least practicable delay.

2. The officers who have not as yet forwarded their indents to the Stationery Depot, are requested to explain to this office the cause of delay.

Letter No. 5620 of the 27th May 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, stating with reference to Government Proceedings No. 15729—Mis. 3972, dated the 23rd May 1901, in which his attention was invited to the rapidity with which cholera was spreading in the State, and the desirability of issuing the requisite instructions to local authorities on the subject, was pointed out to him, that the methods adopted to check the spread of cholera at present consist in members of the Medical Service being deputed to visit the various localities affected and to advise the local authorities as to what ought to be done and to treat the sick; and that as there are at present no definite cholera rules in Mysore, similar to King's rules, which are adopted by the Madras Government, he has been engaged for some time past in collecting the various papers available on the subject, with the hope of preparing a draft of cholera rules similar to King's but adapted to the requirements of the State; and requesting that in the meantime instructions may be issued to District Officers to see that the existing Village Sanitation Rules are strictly observed and that they help the District Medical Officers by seeing that the advice of the latter is carried out.

No. 17671-89—MIS. 4379, DATED BANGALORE, 29TH JUNE 1901.

ORDER THEREON—Government approve of the suggestion of the Senior Surgeon, who is requested to prepare a set of rules for the treatment and prevention of cholera and to submit printed copies thereof to this office. They will thereupon be circulated for the opinion of the Deputy Commissioners of Districts.

2. In the meantime, the Deputy Commissioners of Districts will be requested to see that the Village Sanitation Rules published with Government Order No. 3206—Legis. 16 of the 29th August 1898, and modified by Government Notification No. 13320—Legis. 94 of the 8th April 1901, are strictly observed in all the places in which those rules are in force, and that the advice of the District Medical Officers in the matter is carried out.

EDUCATION

Proceedings of the Government of Mysore,

READ—

Report on Public Instruction in Mysore for 1899-1900, submitted by the Inspector General of Education in Mysore, with his letter No. 5741—347, dated 8th January 1901.

2. Report on the working of the Central College, Bangalore, for the same year.

No. 16450—ED. 560, DATED BANGALORE, 11TH JUNE 1901.

ORDER THEREON—The results reported are, on the whole, satisfactory. More attention than has been hitherto given by the Inspector General seems necessary to be bestowed on Special Instruction described in paragraph 71 *et seq.* The Normal Schools referred to do not appear to have done satisfactory work and much improvement is called for. The Industrial Schools also deserve special attention and expansion.

2. The Inspector General's proposals regarding the reorganization of the Inspectorate are under the consideration of Government.

3. On the following matters dealt with in the Report, the Inspector General's separate communications will be awaited:—

(1) Revision of the rates of school fees;

(2) Increase of the pay of teachers in taluk schools;

(3) Increase of the pay of village school-masters and the finding of funds therefor;

and (4) The development of brick and tile industry in the Mysore Industrial School and the provision of larger accommodation for that institution.

4. The attention of the Deputy Commissioners of Districts and of their subordinate officers will be drawn to the remarks made by the Inspector General in para 35 of his report and to the Standing Orders of Government on the subject of the inspection of schools by Revenue officers.

5. The Inspector General will in future be good enough to prepare his annual reports in as condensed a form as possible. Separate orders will be issued on this subject.

Letter No. 10736—475, dated 28th May 1901, from the Inspector General of Education in Mysore.

I have the honor to state that a sum of Rs. 300 for contingent allowances and a sum of Rs. 500 for house-rent for Anglo-Vernacular Schools have been sanctioned for future use and included in the current year's budget, as will be seen from para 3 (c) (III) of Government Order No. 3144-5—Ed. F. 2-96, dated the 30th August 1900, sanctioning the budget estimate for 1900-1901. I request that Government may be pleased to sanction from these amounts the contingent allowances and house-rent proposed for the Anglo-Vernacular Schools mentioned in the statement submitted herewith. The former amounts to Rs. 81 and the latter to Rs. 162 a year, the savings available being Rs. 219 and Rs. 338, respectively.

2. A sum of Rs. 300 for contingencies and of Rs. 500 for house-rent has been likewise sanctioned for Vernacular Schools by the same order and included in the budget. The amount of contingent allowances recommended for the Vernacular Schools mentioned in the accompanying statement comes to Rs. 276 and the amount of house-rent to Rs. 924. I request that these charges may be sanctioned also, the excess of Rs. 424 in the amount of house-rent for Vernacular Schools being met from the savings of Rs. 338 in the additional grant for house-rent and Rs. 86 taken out of Rs. 219 shown above as available for the contingent allowances of Anglo-Vernacular Schools.

No. 17237-38—ED. F. 21-96, DATED BANGALORE, 24TH JUNE 1901.

ORDER THEREON—The list received with the letter read above is hereto appended, and the contingent allowances and house-rent or increase to either recommended to the schools contained therein, are sanctioned with effect from the dates marked against each, the charges (amounting to Rs. 81 on account of contingent allowances and Rs. 162 on account of house-rent for Anglo-Vernacular Schools, and Rs. 276 on account of contingent allowances and Rs. 924 on account of house-rent for Vernacular Schools) being met from the provision available in the State Fund budget of the Education Department. The alterations that are necessary under the budget heads will be made in the budget estimates for 1901-1902.

JUDICIAL

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS—

I. Government Order No. 5332-34—J. 572, dated the 15th October 1900.

READ—

Letter No. 81—J., dated 31st July 1900, from the Inspector General of Prisons in Mysore, submitting for orders certain correspondence received from the Superintendent of Central Jail, Bangalore, and the Registrar of the Chief Court of Mysore, regarding prisoners required to be sent to Courts outside the Province, in compliance with body warrants forwarded through the District Magistrate, Bangalore.

2. D. O. dated 7th September 1900, from the Superintendent, Central Jail, Bangalore, submitting as requested, three original body warrants in illustration of the case put for orders in the correspondence above referred to.

3. Letter No. 76, dated 22nd September 1900, from the Government Advocate in Mysore, submitting his opinion on the questions raised.

No: 5332-34—J. 572, DATED BANGALORE, 15TH OCTOBER 1900.

ORDER THEREON—The two questions submitted for orders in the papers read above are :—

1stly, whether a prisoner confined in the Central Jail could be sent under custody to a Court outside the State in compliance with a body warrant forwarded by a British Magistrate through the District Magistrate, Bangalore, without the orders of Government; and

2ndly, whether the period of detention of such a prisoner outside the Province by the Courts issuing the body warrant counts towards the term of the sentence of imprisonment awarded by a Court in the State and which the prisoner was undergoing at the time of his removal under the said warrant.

A reference will be made to the Residency in regard to the first of the above questions, and further instructions will issue later on. Regarding the second question, the Government Advocate on being consulted, reports that as the prisoner removed under the circumstances referred to is not released on bail, the period of his detention outside the State would count towards the sentence he was undergoing at the time in the Central Jail. Government concur in this opinion, which will accordingly be communicated to the Superintendent of the said Jail through the Inspector General of Prisons, for his information and guidance.

II. Letter No. 5300—J. 565, dated the 13th October 1900, from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore.

III. Letter No. 2218, dated the 2nd May 1901, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

1. * * * *

2. The Government of Madras, who were addressed on the subject have, however, urged that an order under Section 37 of Act III of 1900 would have been sufficient authority to the Officer in charge of the Bangalore Jail by virtue of the terms of the Notification No. 111, dated the 23rd July 1878, which was issued by the Chief Commissioner of Mysore prior to the Rendition and is still in force. The Notification in question directs that all criminal processes when issued by any competent Magistrate in British India, shall be acted upon and executed by all Magistrates and Police Officers in Mysore. The Madras Government admit that the wording of this Notification does not expressly cover the case in question, inasmuch as there is no mention made in it of Jail officers, but they observe that unless the existing Notification can be regarded as authorizing the execution by the Superintendent of a Jail in Mysore of processes of the kind referred to, there will be no means by which a person confined in a Mysore Jail can be produced before a British Court.

3. I am to say that in the past it would clearly have been undesirable to extend the terms of the Notification, so as to provide for the surrender to British authorities of a convict during the term of his imprisonment in a Mysore Jail inasmuch as there is no provision of law in British India under which such a prisoner can be restored to undergo the remaining portion of his imprisonment, after the termination of the proceedings before

the British Court. The Government of India have now, however, under consideration a Bill to consolidate and amend the law relating to the extradition and rendition of criminals. If this be passed into law, it will be possible to procure the return to the Mysore State of a convict who has been temporarily handed over by the Durbar to appear before a Court in British India, and there seems no reason why the terms of the Chief Commissioner's Notification of 1878 should not be expressly extended, as desired by the Madras Government.

4. I am to ask whether, in the event of the above mentioned Bill becoming law, the Durbar sees any objection to such an extension of the existing Notification.

IV. Letter No. 15927—J. 1587, dated 30th May 1901, from the Secretary to the Government of Mysore, to the First Assistant to the Resident in Mysore.

Adverting to your letter No. 2218, dated the 2nd May 1901, regarding the surrender to the British authorities of convicts undergoing imprisonment in Mysore Jails, I am directed to state that the Durbar agree in the view taken by the Hon'ble the Resident that the Chief Commissioner's Notification No. 111, dated 23rd July 1878, confers no authority upon a Jail officer in Mysore to send a convict undergoing his sentence in any legally constituted Jail in this Province. Nor does a warrant issued under that Notification seem to be binding within the precincts of such a Jail. Referring to the proposed amendment of the late Chief Commissioner's Notification, it seems to the Durbar that it is premature to take any action before the Extradition Bill now before the Legislative Council of the Government of India is passed into law and the possibility of a convict undergoing imprisonment in the Mysore Jail and handed over temporarily to the British authorities, being returned, has been placed beyond all doubt. But the Durbar will not raise any objection to any procedure whereby the surrender of a convict to a British Court of Justice after his term of imprisonment in this State will have expired, will be facilitated.

No. 16434-43—J. 1640, DATED BANGALORE, 11TH JUNE 1901.

ORDER THEREON—The papers read above will be communicated to the Inspector General of Prisons for information and guidance.

Letter No. 132—19, dated the 3rd August 1900, from the District Magistrate of Shimoga, stating that he has received a notice under Section 15 of the Christian Marriage Act XV of 1872 from Revd. W. H. Thorp, Wesleyan Missionary, Shimoga, and requesting instructions as to whether he could act as Marriage Registrar.

2. This office docket No. 12071—Mis. F. 267-92, dated the 11th March 1901, specifying the names of certain gentlemen already appointed Registrars for the whole of the Territories of Mysore and enquiring whether any of them resides within the district of Shimoga and whether notices of the kind now sent to the District Magistrate for the first time were hitherto being sent, and, if so, to whom.

3. Letter No. 917—84, dated the 23rd April 1901, from the District Magistrate of Shimoga, stating that none of the gentlemen mentioned in the above docket resides at present within the Shimoga district, that this is the first instance of a marriage solemnised in recent years in Shimoga in which one of the parties was a minor, and the first in which it has been necessary to comply with the direction in Section 15 of Act XV of 1872, and that the Revd. W. H. Thorp has forwarded copies of the notice of marriage both to the District Magistrate of Shimoga and to the Revd. J. A. Vanes, a Marriage Registrar, resident in Bangalore.

No. 16604-11—J. 1664, DATED BANGALORE, 14TH JUNE 1901.

ORDER THEREON—Government observe that the District Magistrate of Shimoga has no status as Marriage Registrar under the Act, and that he should have returned the notice with such intimation. The parties to the marriage are apparently Wesleyan Christians, and the object the law has in view has been gained by a notice having been sent to the Revd. Mr. Vanes.

READ THE FOLLOWING PAPERS—

Letter No. 547—388-97, dated the 31st January 1900, from the First Assistant to the Resident in Mysore, forwarding for the opinion of the Durbar, a copy of the following letter from the Secretary, Judicial Department, Bombay Government, to the First Assistant to the Resident in Mysore, No. 7109, dated the 16th October 1900:—

I am directed to forward for your information, copy of draft rules submitted by the Inspector General of Police, Bombay Presidency, on the subject of the payment of fares of Police escorts proceeding to other Provinces with prisoners or treasure. It will be seen that it is proposed to adopt in this Presidency the practice which, it is understood, prevails in Bengal and the North-West Provinces, *viz.*, that the fares of Police escorts sent from one Province to another should be paid up to the destination of their charge and not only up to the station at which the escort is to be relieved, the railway tickets being made over to the relieving escort at the relieving station. Before, however, finally adopting this practice, the Governor of Bombay in Council, I am to say, would be glad to be informed whether the Government of Mysore are willing to accept the principle underlying the rules framed by the Inspector General of Police and whether they will give reciprocity in the matter.

II. This office letter No. 9136—J. 830, dated the 9th February 1900, to the First Assistant to the Resident in Mysore:—

With reference to your Memo No. 547—388-97, dated the 31st January 1900, forwarding for opinion copy of letter No. 7109, dated the 16th October 1899, from the Secretary to the Government of Bombay, Judicial Department, together with a copy of draft rules submitted by the Inspector General of Police, Bombay Presidency, on the subject of the payment of fares of Police escorts proceeding to other Provinces with prisoners or treasure, I am directed to state that the Durbar are willing to accept the principle underlying the rules in question, *viz.*, that the fares of Police escorts sent from one Province to another should be paid up to the destination of their charge and not only up to the station at which the escort is to be relieved. While agreeing to give reciprocity in the matter, the Durbar desire to add that the rules in so far as the escort of treasure is concerned are inapplicable to the Mysore State which does not send any treasure to the Bombay Presidency or get any from it, and that as regards the relieving of escorts or guards of prisoners through Railway Head Constable at Harihar, the jurisdiction over the said Railway station and the authority over the Police thereat vest in the Resident and not in the Durbar. If the Durbar Police should furnish the escort required, Davangere which is only nine miles from Harihar and which is the head-quarters of a taluk, would be more suitable as a relieving station than Harihar which is only a sub-taluk where a sufficient number of Policemen may not always be available. In any case two days' previous notice will have to be given to the Superintendent or Head of the Taluk Police to arrange for the relief.

III. Memo No. 2719, dated the 31st May 1901, from the First Assistant to the Resident in Mysore, forwarding a copy of the Resolution of the Government of Bombay, No. 8625, dated the 22nd December 1900:—

Resolution.—The rules attached to this Resolution are sanctioned for adoption in regard to transactions between Madras, Bengal, the Punjab, the North-Western Provinces, the Central Provinces and this Presidency. In the case of Rajputana and Ajmere-Merwara, they may be followed to the extent indicated in letter No. 145-C of the 2nd February 1900, from the Agent to the Governor General, Rajputana, and Chief Commissioner, Ajmere-Merwara.

ACCOMPANIMENT TO GOVERNMENT RESOLUTION NO. 8625, DATED THE 22ND DECEMBER 1900.

Draft Rules regarding the payment of fares of Police escorts proceeding to other Provinces with prisoners or treasure.

1. Railway fares of Police parties escorting either prisoners or treasure should be paid by the Superintendent of Police of the despatching district up to the destination of the charge, whether it is within or without the Bombay Presidency, the expenditure being entered in his contingent bill like other ordinary Police charges of his district. The tickets issued to the original escort should be handed over to each relieving escort at the relieving station. The railway fares for the return journey of each escort should be paid before starting by the district to which the escort belongs, the charge being treated as one incurred in that district. Arrangements have been made with the Railway authorities to permit Railway tickets of escorts in charge of prisoners and treasure to be handed over to the relieving escort at the relieving station.

2. The following rules should be observed in the case of relief of escorts and guards for prisoners and treasure when proceeding through and beyond the limits of the Bombay Presidency :—

(1) A.—The relieving stations in the Presidency will be as under ;—

Bhusaval.	Belgaum.
Ahmednagar.	Dharwar.
Sholapur.	Thana.
Poona.	Ahmedabad.

B.—Outside the Presidency the relieving stations are as follows :—

Khandwa.	Guntakal Junction.
Nagpur.	Bellary.
Wadi	Harihar.

(2) A telegraphic notice will ordinarily be received by the Head-quarters or other Chief Constable concerned of the date and hour on which an escort for prisoners or treasure requiring relief will arrive, and it will be his duty to arrange for the relief of such escort on arrival, and at the same time to give notice by wire to the officer in charge of the next relieving station of the date and hour when the escort may be expected.

(3) Police Superintendents of Districts in the Presidency where relieving stations are fixed, should note the relieving stations beyond the limit of the Presidency as the Bhusaval escort will have to be relieved at Khandwa and Nagpur as the case may be, the Sholapur escort at Wadi and the Dharwar escort at Bellary and Guntakal in the Madras Presidency, and at Harihar in the jurisdiction of the Resident, Mysore.

(4) Timely notice by wire of the relief required at Khandwa and Nagpur should be given to the Head-quarters Inspectors at those places. The Head Constable, Railway Police, Wadi Junction, should be similarly instructed to arrange for the relief of escort, at least two days' previous notice being given of the arrival of prisoners or treasure at Wadi. At Bellary, the Superintendent of Police, Bellary District, should be informed by wire, and the Superintendent of Police, Anantapur, similarly advised for the relief required at Guntakal. Requisitions for relief required at Harihar should be made in due time by wire to the Railway Head Constable at that station.

(5) The telegraphic requisition for relief should also state the strength of escort required.

No. 17020-29—J. 1689, DATED BANGALORE, 21ST JUNE 1901.

ORDER THEREON—The foregoing papers are communicated to the Inspector General of Police and to all District Magistrates, for information.

Letter No. 472-M.—F. 150, dated the 14th June 1901, from the Secretary to the Government of Mysore, Geological Department.

With reference to the period of currency of licenses under the Mysore Arms and Explosives Regulations, some District Magistrates have brought to the notice of Government in this Department the inconvenience arising from issuing the Arms licenses up to the close of the official year and the Explosives licenses up to the close of the calendar year, these being the periods prescribed by the Rules under the respective Regulations. Having submitted the matter to the Dewan for orders, I am directed to inform you that the Rules under the Arms Regulation may be modified so as to make the licenses current up to the 31st December and I am to request that the necessary steps may be taken to effect this modification.

2. It would be convenient if this alteration in the currency of licenses under the Arms Regulation could be notified before the close of the present official year, that is, the 30th instant, so that all the new licenses which will be issued in the beginning of July next may be made current to 31st December 1901 for which period one-half of the prescribed fees may be charged.

No. 17387-97—J. 1716, DATED BANGALORE, 26TH JUNE 1901.

ORDER THEREON—Government are pleased to direct that licenses issued in accordance with the Rules framed under the Mysore Arms Regulation VI of 1890 be in future made current up to the end of the calendar instead of up to the end of the official year.

2. All licenses which may be newly issued or renewed for periods commencing from the 1st of July next should be made current up to 31st December 1901, one-half of the prescribed fees alone being levied therefor. This limitation will also apply to licenses under Rule 11 which usually are granted for five years.

3. The following Notification will be published in the *Mysore Gazette* :—

LEGISLATIVE

Proceedings of the Government of Mysore,

OFFICIAL MEMORANDUM.

No. 16933-7—LEGIS. 126, DATED BANGALORE, 20TH JUNE 1901.

In order to enable the Legislative Department to keep for reference a complete collection of all published rules and orders having the force of law, and to comply with requisitions for copies of rules and orders on certain matters, received periodically from the Residency, all Departments of the various Secretariats to Government are requested to be good enough to make it a standing practice to send to the Legislative Department six spare printed copies of all general rules and orders having the force of law, issued from those Departments from time to time and published in the *Mysore Gazette.*

District Fund budget estimates of the Hassan Circle for 1901-1902, received with the President's docket No. 633, dated 18th April 1901.

No. 15999-16010—L. F. 6-1901, DATED BANGALORE, 1ST JUNE 1901.

ORDER THEREON—The District Fund Board of the Hassan Circle estimated their income for 1901-1902 at Rs. 70,535 against Rs. 67,093, the actuals of 1899-1900, and Rs. 72,049, the sanctioned estimate for 1900-1901.

2. *Seventy-six per cent of one-anna Cess.*—The enclosure A shows that the whole of the demand, *viz.*, Rs. 60,430, is proposed to be credited during the year 1901-1902. This will be retained, subject to the submission of information as to whether no arrears are expected to remain at the beginning or end of the year. Information on this head ought to have been included in the statement.

3. *Tolls.*—The increased estimate under this head is based on the actual receipts of 1899-1900, which are not shown in the consolidated budget statement. The explanation given is that the collections under this head had been erroneously credited to Provincial Funds. A similar omission is found in the statement of the previous year. Full explanation should be submitted as to when this error began, why it continued and when and how it was discovered and rectified. The estimate, however being presumed to be correct, is allowed to stand.

EXPENDITURE.

4. *A. Public Works to be executed by Public Works Department.*—The provision under "II. Repairs" includes Rs. 500 entered on account of the maintenance of five miles of Archalli-Bikodi road, the construction of which is stated to be approaching completion, and is passed.

5. *B. Public Works to be executed by the Revenue Department.*—The aggregate provision under "I. Original Works" and "II. Repairs," which includes the cost of incomplete works of the previous years also, will be raised by Rs. 1,500 on account of repairs to cattle-pounds, which is shown under "X. Miscellaneous." A corresponding increase is also made in the provision for "III. Establishments."

C. CIVIL CHARGES.

6. *II. Medical Scholarships.*—The diminished estimate of Rs. 585 will be retained under this head, as due explanation for the alteration has been appended.

7. *III. Hospitals and Dispensaries.*—The provision made for the special allowance to the Hospital Assistant who will be deputed to visit Grama weekly, accounts for the increase under this head. Pending the issue of final orders on the separate reference submitted by the President, the new item will be retained.

8. *V. Sweepers for Travellers' Bungalows and Musafirkhanas.*—A sum of Rs. 72 is newly entered under this head on account of a sweeper to be entertained in the musafirkhana at Kanakatte in the Arsikere taluk, which is stated to have been completed. The provision is allowed.

9. *X. Miscellaneous.*—Excluding the sum of Rs. 1,500 transferred to "B. Public Works" in para 5 *supra*, the provision under Civil charges will be Rs. 21,584.

10. The other items call for no remarks and are passed.

11. The budget estimates of receipts and expenditure of the District Fund Board of the Hassan Circle for 1901-1902 are sanctioned as per details given in the accompanying statements, of which an abstract is given below :—

			Rs.
Estimated opening balance on 1st July 1901		..	14,706
Estimated receipts for 1901-1902		..	70,535
Total Receipts including balance		..	85,241
Deduct expenditure—			
A. Public Works to be executed by P. W. D.	51,025	..	80,172
B. Ditto by Rev. Dept.	7,563		
C. Civil Charges	21,584		
Closing balance .		..	5,069

12. This shows that the closing balance is less than the prescribed minimum by Rs. (17,633—5,069) 12,564. Every endeavour should therefore be made to maintain the usual balance by effecting savings in the sanctioned items.

READ—

Letter No. 810—653, dated 27th March 1901, from the President, District Fund Board, Shimoga, submitting the budget estimates of the District Funds of the Shimoga Circle for 1901-1902.

No. 16011-16023—L. F. 7-1901, DATED BANGALORE, 1ST JUNE 1901.

ORDER THEREON—The District Fund Board estimate their income for 1901-1902 at Rs. 84,113 against Rs. 82,616, the actuals of 1899-1900, and Rs. 81,574, the sanctioned estimate for 1900-1901.

2. *I. Seventy-six per cent of Local Cess.*—The increase under this head is stated to be chiefly due to the increase of cess on the value of Inams and Sayer as per Jamabandi account for 1899-1900. The estimate is allowed. But the President is requested to state whether no arrears of cess are expected to remain at the end of the current year as the Enclosure A makes it appear.

EXPENDITURE.

3. *Civil Charges—IV. Midwives.*—The provision made for two scholarships to be granted for training two midwives required for the district, accounts for the increase under this head. The provision is passed, subject to the submission of a separate reference in regard to the necessity for the employment of two extra midwives.

4. *V. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—The provision under this head includes the salaries of a sweeper for the Hosur musafirkhana and of the care-taker of the 3rd class travellers' bungalow at Siralkoppa, sanctioned in Proceedings No. 2419-21—L. F. 69-97, dated 18th August 1900 and No. 12537-8—L. F. 45-97, dated 22nd February 1901, respectively, and is sanctioned.

5. The other items call for no remarks and are passed.

6. The budget estimates of receipts and expenditure of the Shimoga Local Fund Circle for 1901-1902 are sanctioned, the details being given in the accompanying appendices, of which an abstract is given below :—

		Rs.	Rs.
(1) Estimated receipts for 1901-1902			84,113
(2) Ditto opening balance			16,525

B. Ditto ditto by Rev. Dept...		9,750	
C. Civil charges		17,567	
(4) Closing balance			19,041

7. From the above it appears that the closing balance is less than the prescribed minimum by Rs. 1,987, but the President states that it is not possible to maintain a higher balance. This explanation is accepted with a hope that every endeavour will be made to maintain the prescribed working balance by effecting savings in the sanctioned items.]

READ—

Letter No. 725, dated 13th April 1901, from the President of the District Fund Board, Kolar Circle, submitting, as called for in this office docket No. 12801—L. F. 2-1901, dated 30th March 1901, the District Fund budget estimates of the Circle for 1901-1902, duly revised.

No. 15986-98—L. F. 2-1901, DATED BANGALORE, 1ST JUNE 1901.

ORDER THEREON—The receipts under all heads are estimated at Rs. 74,900 for 1901-1902 against Rs. 73,534, the actuals of 1899-1900, and Rs. 75,850, the sanctioned estimate for 1900/1901.

RECEIPTS.

2. *Opening Balance.*—The estimated opening balance will be reduced from Rs. 12,481 to Rs. 8,690, which would be the approximate sum with reference to the actual balance on 1st July 1900, according to the final accounts of the Comptroller, and the sanctioned estimates for 1900-1901.

EXPENDITURE.

3. (*A*) *Public Works to be executed by Public Works Department.*—The marginally noted variations occur in the provision under "II Repairs." The President explains that as the actual lengths of Kolar-Sompur and Nundy-Heggadahalli roads within the Kolar Circle were found to be 31 and 4 miles, respectively, and not 30 and 7, as entered in the budget for 1900-1901, the President, District Fund Board, Bangalore, has been requested to provide for the maintenance of the difference which lies within his circle. As the present budget provides for the maintenance of actual lengths of these roads in the district, the proposal is approved. A sum of Rs. 3,343 is entered as reserve for minor works. This is reduced to Rs. 1,000 for want of funds and a corresponding reduction is made on account of supervision charges under the head "III Establishments."

I. Kolar-Sompur road	30	80	31	80
II. Nundy-Heggadahalli road	7	50	4	50

4. (*B*) *Public Works to be executed by Revenue Department.*—The estimates proposed under "I Original Works" and "II Repairs" are for works noted in the margin. Including Rs. 200, entered under "X Miscellaneous (1) Repairs to Cattle-pounds," which will be transferred to this head, the total provision for works comes to Rs. 11,130, which will be passed. Owing to the enhancement of the provision for works, the estimate under "III Establishments" will be raised by Rs. 20.

C. CIVIL CHARGES.

5. *I. Office Establishments.*—The provision made under this head is on account of the marginally noted items. A sum of Rs. 1,129 will be substituted for Rs. 960 in accordance with Government Proceedings No. 5212-20—L. F. 3-97, dated 31st October 1899, for the office establishment of the President.

3. Taluk office contingencies	264

6. *Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—The increase of Rs. 64 proposed under this head is due to the provision made for 12 months for the salaries of the marginally noted servants for whom provision for only eight months was sanctioned in the budget for 1900-1901, and to the omission of the pay of the dandi at Gantamvaripalli whose appointment is stated to have been since abolished. This will be allowed to stand.

7. *X. Miscellaneous.*—Owing to the transfer of Rs. 200 to "B. Public Works" the provision under this head will be reduced to Rs 2,600.

8. The other items call for no remarks and are passed.

9. The budget estimates of receipts and expenditure of the Kolar Local Fund Circle for 1901-1902 are sanctioned. The details are as usual given in the accompanying appendices of which the following is an abstract:—

READ—

Letter No 492, dated 18th February 1901, from the President, District Fund Board, Kadur Circle, submitting the District Fund budget estimates of the Kadur Circle for 1901-1902.

2. Letters Nos 656 and 669, dated 27th April and 2nd May 1901, respectively, from the same officer, submitting a statement showing the annual revenue expected to be realized by levying tolls on the marginally noted three roads.

No. 16847-58—L. F. 8-1901, DATED BANGALORE, 19TH JUNE 1901.

ORDER THEREON—The receipts of the Kadur Circle under the several heads are estimated at Rs. 53,600 against Rs. 51,512, the actuals of 1899-1900, and Rs. 52,000, the sanctioned estimate for 1900-1901.

2. *IV. Ferry Collections.*—The estimate (Rs. 500) under this head, expected from ferries in the Koppa and Mudgere taluks, will be retained, subject to the submission of explanation as to why there has been a large decrease when compared with the actuals of 1899-1900 (Rs. 1,364).

3. The estimated opening balance is given as Rs. 3,995 against the District Fund Board. Deducting this from the estimated revenue of Rs. 53,600, the sum available for expenditure during the year 1901-1902 is only Rs. 49,605, whereas the proposed expenditure exceeds this amount by Rs 4,907. To wipe off this debit balance, the Board request (1) that the local cess on Forest and Abkari revenue amounting to Rs. 10,000 may be made over to them; (2) that they may be relieved of one-third cost of the dispensaries at Kadur, Yedahalli and Mudgere, debiting the same to the Municipalities concerned; and (3) that sanction may be accorded to the levy of tolls on the three roads referred to in the 2nd of the letters read above. The first two proposals do not commend themselves to Government, as the cess collections are now being credited to the Local Funds General and Village School Fund and as the relief to the Local Fund Board by debiting one-third cost of the dispensaries to the Municipal Funds would not be considerable, while the Municipal Boards concerned are unable to bear the charge. The remaining proposal to levy tolls on certain roads should await the disposal of the general question of the introduction of tolls now under the consideration of Government. The Board's estimate based on the foregoing proposals cannot be taken into account in the present budget.

EXPENDITURE.

4. Owing to the insufficiency of funds, the following reductions will be made in the allotments proposed under Public Works and Civil Charges.:—

	Proposed.	Sanctioned.
	Rs.	Rs.
A. Public Works—		
I. Original works	2,250	.
II. Repairs	26,150	25,150
III. Establishments	4,970	4,402
IV. Tools and plant	142	142

C. Civil Charges—		
Contribution towards the cost of dispensaries	2,000	290
X. Miscellaneous—		
Other items for unforeseen expenses ...	403	...

5. The other items call for no remarks and are passed.

6. The budget estimates of the Kadur Local Fund Circle for 1901-1902, as above sanctioned, are given below. The usual particulars are appended :—

			Rs.
(1) Opening balance			—3,995
(2) Estimated receipts for 1901-1902			53,600
Total excluding balance ...			49,605
(3) Estimated expenditure for 1901-1902—			
A. Public Works to be executed by Public Works Dept....	Rs. 29,694	48,581	
B. Ditto ditto by Revenue Dept. ...	2,000		
C. Civil charges	16,887		
(4) Estimated closing balance			1,024

7. From the above it will be seen that the closing balance is less than the prescribed minimum by Rs. 12,376. Steps should be taken to develop the resources of the Board and to maintain the usual working balance, after duly providing for necessary work of public benefit.

READ—

Letter No. D. 1633, dated 14th May 1901, from the President of the District Fund Board, Bangalore, submitting the budget estimates of the Bangalore Local Fund Circle for 1901-1902.

No. 17252-64—L. F. 1-1901, DATED BANGALORE, 25TH JUNE 1901.

ORDER THEREON—The estimated receipts of the Bangalore Local Fund Circle for 1901-1902 under all heads amount to Rs. 73,075 against Rs. 71,349 the actuals of 1899-1900 and Rs. 72,653 the sanctioned estimate for 1900-1901.

2. *Seventy-six per cent of Local Cess.*—The enclosure A which furnishes details of the estimate under this head does not appear to have been properly prepared. The arrears of cess at the commencement of the year have not been given in column 5. The estimate of 76 per cent of cess is given as Rs. 66,745 in this statement, while the amount expected to be collected during the ensuing year is stated to be Rs. 67,000 in the consolidated statement of receipts. The explanation perhaps is that some arrears of past years are expected to be realised. It is also unlikely that the whole of the demand can be realised without arrears during the year. Clear explanation should have been furnished on these points. The proposed estimate, which is less than the sanctioned estimate for 1900-1901, will, however, be retained.

3. *III. Fines for Cattle Trespass.*—The increased estimate of Rs. 4,000 under this head is not justified by the actual collection (Rs. 3,028) of 1899-1900, and so it will be reduced to Rs. 3,000 which is the sanctioned estimate for 1900-1901.

4. *Opening Balance.*—The President has obtained the opening balance by debiting the amount of a supplemental grant which he has applied for, for the current year. As this matter has not yet been disposed of, the figure will be raised by that amount and the opening balance will be entered as Rs. 36,485 instead of Rs. 9,980.

EXPENDITURE.

5. *A. Public Works to be executed by the Public Works Department.*—Under this head, increases are provided for the maintenance of the roads noted below. The increased rates of mileage allotments were sanctioned in Proceedings No. 4408-10—L. F. 39-99, dated 21st September 1900, in respect of roads 2, 6, 7 and 8, but the authority or circumstances under which increases were provided in respect of rates of mileage allotments to the other roads, have not been explained. The omission should now be supplied. Meanwhile the estimate will stand :—

		No.	Rate.	Amount.	No.	Rate.	Amount.

8	Nelamangala-Gollahalli-Dodballapur Railway feeder.	5	50	250	5	80	400
9	Bangalore-Nundydroog road	6	50	300	8	50	400

6. *B. Public Works to be executed by Revenue Department.*—No provision is made in the budget, owing to insufficiency of funds.

CIVIL CHARGES.

7. *I. Office Establishment.*—No details have been furnished for the increased lump sum provision of Rs. 2,000 made in the present budget. The omission should be supplied. The estimate will, however, be allowed to stand pending the issue of final orders on the President's reference to give increases to the first three clerks of the Local Fund Branch of his office.

8. *III. Hospitals and Dispensaries.*—Increase of the pay for the marginally noted compounders is provided for under this head and this is probably due to annual increments earned by them in accordance with Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896.

	Rs.	Rs.
Channapatna	10	12
Kankanhalli	8	10
Nelamangala	10	12

9. According to the sanctioned scale of charges for the Arlepet Dispensary the quota payable from the District Funds is Rs. 544, and it is not clear why only Rs. 448 is entered. The former figure will be adopted in the budget. The circumstances under which the pay of the waterman of the Whitefield Dispensary is entered at Rs. 4 per mensem instead of Rs. 2 as sanctioned in Proceedings No. 12012-14—L. F. 203-93, dated 11th March 1901, have not been explained. The increased provision is therefore disallowed.

(2) Compounder at Rs. 12	96
(3) Waterman at Rs. 6	48
(4) Toti on Rs. 4	32
(5) Contingencies at Rs. 16	128
(6) House-rent at Rs. 20	160
Total ...	544

10. *VI. Conservancy and Sanitary Charges.*—The provision made for an additional peon on Rs. 6 per mensem for the conservancy of Hessarghatta tank is in accordance with Government Proceedings No. 11442-5—L. F. 18-99, dated 28th February 1901, but the reason for the increase from Rs. 4 to Rs. 5 per mensem proposed for the Hosahalli sweeper is not apparent. The provision will therefore be reduced to Rs. 4 per mensem.

11. The other items call for no remarks, and are passed.

12. The budget estimates of receipts and expenditure of the Bangalore Circle for 1901-1902, are sanctioned as noted below, the usual statements being appended hereto;—

	Rs.
Estimated opening balance on the 1st July 1901	36,485
Estimated receipts for 1901-1902	72,075
Total, including Balance ...	1,08,560

Expenditure.

A.	Public Works to be executed by P. W. D. ...	43,142
B.	Ditto by Revenue Department ...	...
C.	Civil charges	19,270
	Total Expenditure ..	62,412
	Estimated closing balance ...	46,148

13. The large figure shown as the estimate closing is only apparent and will not correspond to the actual balance. The supplement estimates for 1900-1901, separately passed, would reduce it by about Rs. 25,000; and this fact accounts for the absence of any provision in this budget for public works by the Revenue Department.

The supplemental budget estimates of the several Municipalities in the Kadur district (except Sringeri) for the year 1900-1901, submitted with the President's letter No. 541, dated the 12th March 1901.

Letter No. 654, dated 27th April 1901, from the same officer, submitting the explanation called for in this office docket No. 13885—L. F. 59-99, dated 17th April 1901.

No. 16637-48—L. F. 59-99, DATED BANGALORE, 15TH JUNE 1901.

ORDER THEREON—The modifications proposed in the above are given hereunder:

Opening balance .. .. + 406

Expenditure.

I.	Interest on debt ..	+ 2,374	VIII.	Public Works ..	+ 5,797
III.	Collection ..	+ 674	IX.	Charitable grants	+ 44
IV.	Conservancy .	+ 240	XI.	Miscellaneous ..	+ 1,012

2. *Opening Balance.*—The net increase under this head is due to the correct balances according to the final accounts of the Comptroller having been adopted in the present budgets. The estimates are passed.

3. *I. Interest on Debt, and XI. Miscellaneous (a) Repayment of Loan.*—The increased provisions under these heads are on account of interest and principal on the loan towards the water-works of the Chikmagalur town for 1899-1900, which are now stated by the Comptroller to have been left unadjusted in the accounts of that year. The provisions are allowed.

4. *III. Collection.*—The increases under this head in the budgets of the several Municipalities are due to the provisions now made for potgi due to patels and shanbhogs from 1898-99 as sanctioned in Government Proceedings No. 8630-1—L. F. 59-99, dated 5th January 1901. The estimate is passed.

5. *IV. Conservancy.*—The provision of Rs. 240 now made in the budget of Birur on account of the conservancy charges incurred during the Ramotsava festival in the town is in accordance with Government Proceedings No. 7091-2—L. F. 59-99, dated 21st November 1900, and is therefore approved.

6. *VIII. Public Works.*—The President, who had entered a sum of Rs. 7,865 or Rs. 5,797 more than the amount sanctioned under this head as the estimated expenditure for 1900-1901, now explains that the additional provision is intended to meet the cost of certain works proposed to be carried out in Birur during the ensuing year. This shows that the inclusion of this additional sum in the supplemental budget for the current year 1900-1901 is an error and is therefore rectified in this office.

7. *IX. Charitable Grants.*—The provision made for the increase of pay sanctioned to the compounder of the Basavanhalli Branch Dispensary in Government Proceedings No. 6207-8—L. F. 59-99, dated 3rd November 1900, accounts for the increase under this head, which is passed.

8. *XI. Miscellaneous (c) Cattle-pounds.*—The budget of Kadur provides Rs. 86 on account of cattle-pound charges of the town, as no such provision was made in the original budget. This is sanctioned.

9. The budget estimates of the Municipalities in the Kadur district (except Sringeri) for 1900-1901 are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

RECEIPTS.

2. *I. Octroi.*—The large increase under this head in the budget of Bowringpet is justified by the actuals of 1899-1900 and the probable collection of 1900-1901. The estimate is therefore passed.

3. *II. Opening Balance.*—It is not clear how the figures under this head have been arrived at. The figures noted below will be entered as they are calculated with reference to the actual balances on 1st July 1900, according to the Comptroller's accounts and the sanctioned estimates of receipts and expenditure for 1900-1901:—

Number.	Municipalities.	Actual opening balance on 1st July 1900.	Estimated receipts for 1900-1901.	Total including balance.	Estimated expenditure for 1900-1901.	Estimated closing balance on 30th June 1901.

EXPENDITURE.

4. *III. Collection (a) Octroi.*—The increase under this head in the budgets of Sidlaghatta and Chikballapur is due to the provisions made for the whole year instead of for nine months only as in 1900-1901, on account of Octroi establishments. The provisions are approved.

5. *IV. Conservancy.*—The budget of Bowringpet provides for the annual increment of one rupee sanctioned for the daroga for the supervision of conservancy work. The provision is allowed.

6. *XI. Miscellaneous (a) Repayment of Loans.*—The increase provided in the budget of Kolar of Rs. 1,952 over the sanctioned estimate (Rs. 1,800) for 1900-1901, is stated to be in accordance with the Government Proceedings No. 885-6—L. F. 4-99, dated 15th July 1899, and No. 9044-46—L. F. 104-96, dated 16th January 1901. Pending the receipt from the Comptroller of a statement showing the correct amounts to be entered on account of interest and principal towards repayment of loans granted to Municipalities, the provision will be retained.

7. The other items call for no remarks and are passed.

8. The budget estimates of the several Municipalities in the Kolar district for 1901-1902, are sanctioned, the usual detailed statements being given in the accompanying appendices of which the following is an abstract:—

Number.	Municipalities.	Estimate opening balance on 1st July 1901.	Estimated receipts during 1901-1902.	Total including balance.	Estimated expenditure during 1901-1902.	Estimate closing balance. on 30th June 1902.

Chief Engineer's Memo No. 621, dated the 7th February 1901, forwarding for the consideration and orders of Government, letter No. 350—83, dated the 1st February 1901, from the Superintending Engineer, Sanitary Works, suggesting that certain restrictions be placed on the powers exercised by Municipalities in allowing new construction or reconstruction of houses in insanitary localities.

No. 17459-79—L. F. 31-1900, DATED BANGALORE, 27TH JUNE 1901.

ORDER THEREON—In the Order of Government No. Pg. 1694-99, dated 8th May 1899, a Committee was appointed to enquire into and dispose of cases of houses demolished in course of plague preventive measures, and permit re-building with the conditions necessary to ensure attention to sanitary requirements. On the recommendation of the Plague Commissioner, a similar order was *passed, requesting that Deputy Commissioners and Presidents of Municipalities should not allow houses to be re-built in sites not considered healthy by the Sanitary agency.

*No. Pg. 1400-8, dated 25th June 1900.

2. Section III of the Rules under the Mysore Village Sanitation Regulation contains various directions intended to secure the same object of preventing houses being built in insanitary quarters.

3. The Government do not consider that any further restrictions are necessary at present. The attention of the Deputy Commissioners and Presidents of Local and Municipal Boards is again invited to the above orders, and Government trust that they will be carried out in such a manner as to ensure better results in future in the matter of improved dwellings, especially in localities which have been proved to be unhealthy by the evidence of the plague or other epidemic diseases.

H. V. NANJUNDAYYA,

2. *Land Revenue.*—There has been a net increase of Rs. 1,03,015 in the total demand including arrears. The falling off of Rs. 16,207 in the Mysore district is nominal, as there was no unusual income from the sale of lands for occupancy during the current year as was the case in 1899-1900, owing to the introduction of the Survey Settlement into the Nanjangud taluk. The decrease of Rs. 10,012, chiefly under current demand in the Chitaldrug district requires explanation, which the Deputy Commissioner is requested to furnish at an early date.

3. The percentage of balance to the entire Demand is as follows :—

District.	1899-1900.	1900-1901.
Shimoga	30·4	41·7
Kadur	26·5	32·2
Hassan	24·7	30·4
Kolar	15·5	19·3
Mysore	10·9	13·8
Tumkur	7·7	10·7
Chitaldrug	4·6	9·9
Bangalore	3·7	7·1

The percentage is higher in all the districts than what it was in the previous year. Satisfactory progress in collection work has not been made. The Deputy Commissioners are requested to spare no endeavours to reduce the balance before the close of the official year to the smallest figure possible.

4. *Sayer.*—The heavy falling off of Rs. 75,760 in the Shimoga district under this head is ascribed by the Deputy Commissioner to the smallness of the arecanut produce in the district as compared with that of the previous year. The Government are unable to accept this as a satisfactory explanation for this large decrease in the absence of information showing the particular localities in which the crops failed to this extent, with the causes therefor fully explained, and whether the revenue was properly safeguarded against loss through smuggling, &c. In the Kadur district also a decrease of Rs. 18,591 has occurred, for which no explanation is forthcoming. The Deputy Commissioner is requested to state the cause of the decrease.

5. *Mohatarfa.*—Government observe that the balances of Rs. 12,144 and Rs. 11,630 in the Mysore and Kolar districts, respectively, are heavy and call for early attention.

No. 10251-60—R. 3761, DATED BANGALORE, 27TH JUNE 1901.

ORDER—Government have reason to apprehend that most of the Agricultural Banks established with the aid of Government are unmindful of their duty which, as already more than once pointed out, is to use their best endeavours to place themselves within a reasonable time in a position to depend upon their own resources and to dispense with the help of Government. It was expected that sufficient would be saved every year by every Bank to enable it to repay at least a tenth of the advance received by it from Government. This expectation has so far not been realized in the case of most of the Banks, the repayments made by which have been almost nominal. Bad seasons cannot wholly account for this unsatisfactory result. Private deposits should be encouraged, savings should be effected to the utmost possible extent, and advances received from Government should soon be paid off. As matters stand, very little seems to have been seriously attempted in these directions, and the consequence is that the bulk of the Government advances is still outstanding, and Government find themselves unable to help new institutions in the same way as those already in existence. This is an undesirable state of affairs, to remedy which Government consider the adoption of prompt and effective measures necessary.

2. The Inspector of Agricultural Banks and the Deputy Commissioners of Districts should at once proceed, in consultation with the Banks concerned, to lay down a forecast programme of repayments, impress upon the Banks the necessity for a strict adherence to such programme, and see that no *bona fide* efforts are spared by the Banks to meet the very reasonable wishes of Government in this important matter. Sums intended for repayment should not be mixed up with funds lodged by the Banks for other purposes, nor should they be operated upon for the grant of new loans or the renewal of old ones. The Comptroller will give suitable instructions as to how such repayments should be brought upon the Treasury Books and dealt with. Government understand that suitable steps in this direction have already been taken in several places.

3. A strict compliance with the above orders, while entailing no hardship on existing Banks, would enable the formation of several new ones every year with moneys thus recovered, and without adding materially to the outgoings from the Public Treasury on this account.

4. A full report of action taken should be submitted to Government as early as possible.

Proceedings of the Government of Mysore,

READ THE FOLLOWING—

Letter No. 4781—726, dated 7th March 1901, from the Comptroller, Mysore Government, to the Secretary to Government, General and Revenue Departments.

With reference to Government Proceedings No. 10139-78—Mis. 2831, dated 9th ultimo, approving of my views as to how the absence of officials or public servants taken to camp or segregated under Plague rules, is to be treated, and requesting me to submit for approval a draft Addenda and Corrigenda to the Mysore Service Regulations, in view of the adoption of the British rule in the matter, I have the honor to submit herewith for the approval of Government a draft, No. 96, of the required Addenda and Corrigenda and to request that you will be so good as to forward it to me when approved of by Government, so that I may issue the needful printed slips.

No. 96.

ARTICLE 175.

Insert the word "ordinarily" after the word "not" in line 3 of para 2 of this Article; and add the following as "Explanation 2" to this Article, numbering the present explanation as "Explanation 1."

"EXPLANATION 2.—This Article is not to be read as precluding the treatment as casual leave under Articles 171, 172 or 173, of absence from duty, following on leave granted under the rules, so long as such absence is due to reasons involving no evasion of the rule in regard to the matters above specified, as for instance, when it is necessitated by detention in Plage Camps on the way to rejoin, or by orders not to attend office in consequence of the presence of infectious disease in the family or household of the person concerned.

"When, however, absence from duty for reasons of the nature indicated above exceeds the maximum periods prescribed for casual leave, the case should be dealt with as follows.—

(*a*) In the case of a person who has not taken any leave—if he is entitled to privilege leave and if the period of absence can be covered by such leave, privilege leave will be given. If he is not entitled to such leave, he will be given other leave under the rules.

(*b*) In the case of a person who has already taken leave—

(1) If he has further leave due to him carrying the same allowances as the leave already granted, he will be required to take an extension of leave to cover his further absence from duty;

(2) If the further absence from duty cannot be covered in this way, the period or such part of it as remains uncovered, will be treated as leave without allowances unless the person concerned prefers to substitute leave of another description for that which he has previously taken.

"*Example.*—A, who has had two months' privilege leave, is detained for a further period of one month in a plague camp. If he has a month or less privilege leave still due, this must be reckoned against the further period of detention. If he has no privilege leave due, but has furlough at his credit he has the option of converting the entire period of absence from duty into furlough or of taking leave without allowances for the extra month."

No. 9610—FL. 1007, DATED BANGALORE, 3RD JUNE 1901.

ORDER THEREON—The draft Addenda and Corrigenda read above, are approved.

Note dated 11th May 1901, from the Secretary to Government, Forest Department, proposing that for the purpose of Article 612 of the Mysore Service Regulations, regarding the countersignature of travelling allowance bills of non-gazetted officers and menial servants serving in the Forest Department, the District Officer should be considered as the Controlling Officer in respect of the Forest Department, and stating that in British India, under Section 179 (ii) of the Forest Code, the Conservator may, with the sanction of the Local Government, delegate to Divisional Officers the power of countersigning, on his behalf the travelling allowance bills of members of the executive, protective and office staff serving under him.

2. D. O. letter dated 23rd May 1901, from the Comptroller, Mysore Government, suggesting that the rule contained in Article 612 of the Mysore Service Regulations, may be omitted in the revised edition of the Service Regulation and that the Deputy Commissioners may be authorized to countersign the bills of all non-gazetted officers of the Forest, Police and Excise Departments, the District Medical Officer being authorized to sign the bills of the Medical establishment.

No. 10216-7—FL. 1077, DATED BANGALORE, 25TH JUNE 1901.

ORDER THEREON—In accordance with the practice followed in British India, the Conservator of Forests is authorized to delegate the power of countersigning the travelling allowance bills of non-gazetted officers and menial establishment of the Forest Department to the District Forest Officers concerned. A note to this effect will be added to Article 612 of the Mysore Service Regulations.

4. Letter No. 2169, dated 31st May 1901, submitting copy of Resolution No. II (iii) and requesting sanction to the modification of Rule 19.

5. Letter No. 2171, dated 4th June 1901, submitting copy of Resolution No. II (ix) recommending for reasons stated that Rule 10 of the Insurance Rules, as it now stands, may be sanctioned to have retrospective effect.

No. 10233—R. F. 101-93, DATED BANGALORE, 26TH JUNE 1901.

ORDER THEREON—The alterations proposed by the Insurance Committee are approved and sanctioned. The altered rules will stand as follow :—

"Rule 10. When an insured ceases to be under the service of the Government before completing the age of 55 years, he may elect within three months either to surrender his Policy and Receipt Book receiving 50 per cent of the amount of premium paid by him without any interest or to continue to pay the premium due on his Policy till it becomes mature ; or discontinue payment of the same, in which latter case, the arrears of premium so withheld shall be treated as debt against his Policy and deducted with compound interest at 4 per cent per annum from the bonus payable to him. Provided, however, that dismissed officials, who have been ordered by Government to be included in the list of officials not eligible for re-entertainment in Government service, shall not be entitled to the benefit of the second and third alternatives in this rule, but shall receive only 50 per cent of the total premium paid by them without any interest."

"Rule 19. Such Medical Officer shall be the District Medical Officer of the Government not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250 the Medical Officer shall not be below the rank of a Civil Surgeon. As regards the Bangalore district, such Medical Officer shall be the Resident Surgeon, Victoria Hospital. In the case of any female Proposer medical certificates furnished by the Lady Assistant Surgeons in charge of the Maternity at Bangalore and the Maharani's Hospital at Mysore may also be accepted."

"Rule 21. The Secretary shall forward the Policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him on payment in cash of the first premium. The date of payment of the first premium shall be the date of the Policy, and shall be entered therein by the Treasury Officer before delivery."

"If a Policy is not claimed from a District Treasury or from a Taluk Treasury, to which it may have been sent for delivery, within a month from the date of its receipt thereat, the matter shall be reported to the Secretary, who will call upon the Insured to furnish an ordinary medical certificate of good health by paying the Medical Officer a fee of five per cent on the pay of the Insured, subject to a minimum of one rupee and maximum of five rupees, unless more than six months shall have elapsed from the date of the original medical certificate, or five years from the date of last detailed certificate, in either of which cases a fresh detailed medical certificate shall be obtained by payment to the Medical Officer of a fee of ten per cent on the pay of the insured, subject to a minimum of three rupees and a maximum of fifteen rupees."

"Rule 22. When an Insured has to further insure his life, as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17, with an ordinary medical certificate of good health. If more than five years have lapsed since his last detailed Medical Examination held for the purposes of insurance under these rules, the procedure prescribed in Rules 17 and 18 shall be followed. When the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in Rules 20 and 21 shall be applicable to this further insurance."

"Rule 30. The above rules shall also apply *mutatis mutandis* to officers on the permanent establishment of Local Fund and Municipal Boards in Mysore, but in the case of such officers already in service before 23rd August 1900, insurance will be optional, provided the option is exercised before 31st December 1902, after which date no proposals received from them shall be entertained."

2. The proposal to give retrospective effect to Rule 10, as now altered, is also approved.

3. The following Notification will be issued in the *Gazette*.

NOTIFICATION.

No. 10234—R. F. 101-93, DATED 26 JUNE 1901.

The Government are pleased to direct that the following alterations be made in the Mysore State Life Insurance Rules:—

1. In Rule 10, line 2, insert the words "within three months" between the words "elect" and "either."

2. In Rule 19 omit the portion beginning with the word "may" in line 5 down to the end of the rule and substitute the following:—

"shall be the Resident Surgeon, Victoria Hospital. In the case of any female Proposer medical certificates furnished by the Lady Assistant Surgeons in charge of the Maternity at Bangalore and the Maharani's Hospital at Mysore may also be accepted."

3. In Rule 21, after the word "certificate" in line 7 of para 2 add the words "or five years from the date of last detailed certificate" and for the words "in which latter case" in line 8 of para 2 substitute the words "in either of which cases."

4. In Rule 22, add the words "detailed medical" after the word "last" in line 4.

5. The following new rule be added as Rule 30:—

"30. The above rules shall also apply *mutatis mutandis* to officers on the permanent establishment of Local Fund and Municipal Boards in Mysore, but in the case of such officers already in service before the 23rd August 1900, insurance will be optional, provided the option is exercised before 31st December 1902, after which date no proposals received from them shall be entertained."

6. Rule 10 of the Mysore State Life Insurance Rules, as now modified, shall be held applicable retrospectively to all cases in which payment of premium has been withheld by reason of the Insured having ceased to be in Government service.

EXCISE

Proceedings of the Government of Mysore,

READ—

Report on the Administration of the Excise Revenue in the Mysore State for the year 1899-1900, received with letter No. 3711—185, dated the 7th January 1901, from the Excise Commissioner.

No. 9677-717—EX F. 1-1900, DATED BANGALORE, 4TH JUNE 1901.

ORDER THEREON—*Para 3 of the Report.*—The draft Excise Regulation based on the Madras Abkari Act will, Government hope, be passed into law at an early date.

Para 90 of the Report.—On a separate reference from the Excise Commissioner, bringing to notice the inadequacy of the punishments inflicted by the Subordinate Magistrates for offences under the Excise laws, the Government have in their Proceedings No. 5341—Ex. 257, dated the 19th January 1901, decided that the proper course was for the Excise Commissioner to bring specific instances to the notice of District Magistrates.

Para 94 of the Report.—It appears from this para that the Deputy Commissioner of Tumkur has not yet sent the Excise Administration Report for his district. The Excise Commissioner will obtain and submit to Government the Deputy Commissioner's explanation for this long delay.

Paras 99 and 101 of the Report.—Orders have since been passed by Government on most of the proposals referred to in these paras.

Paras 31, 50 and 83 of the Report.—The Government observe that, in spite of the unfavorable season, the prevalence of plague and plague restrictions, the Excise revenue has been better than that of last year by over two lakhs, while the consumption of toddy and arrack has been less than that of the previous year.

The result is satisfactory and creditable to the Excise Commissioner.

READ—

The following letter No. 5806—335, dated the 6th May 1901, from the Excise Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith for favor of early approval and publication, a draft of amended Rules for regulating the sale of Foreign liquors from and after the 1st July 1901.

2. The revision of the Rules has become necessary as the existing Rules are defective and do not provide for all requirements and some of the provisions are embodied in Government *Orders* which are not published as *Rules* under the Excise Act.

3. Rule II, contained in Government Notification No. 31, dated the 25th May 1889, is omitted in the draft, as Section 7 of the Excise Act provides on what kind of liquor duty should be levied. The latter part of clause (*b*) of the said Rule II is inconsistent with the Excise Act, in which the importation of "country fermented liquor without the payment of an Excise duty" is not prohibited.

4. The following additional provisions are made in the draft :—

(1) *Retail Tavern License for the Vend of Draught Foreign Malt Liquors.*—In the existing Rules no such license exists. Therefore at present draught Foreign beer is sold in what are called refreshment-rooms. Thousands of gallons of beer are sold in them to those who do not partake of meals or refreshments. In fact, no meals are prepared and served except in Railway refreshment-rooms. Proper refreshment-rooms are those in which the sale of liquor is combined with the supply of meals or of eatables prepared and served in the European manner. Those in which liquor alone is sold to be drunk on the premises, are called Retail Taverns in Madras, and they are put up to auction, as, without such course, Government cannot derive its proper share of revenue, and objectionable monopolies of such trade cannot be prevented. In the Civil and Military Station of Bangalore also such taverns are disposed of by public auction since last year. Hence my proposal to introduce "Retail Tavern License for the vend of draught foreign malt liquors." Such taverns which are irregularly called "Refreshment-rooms," exist now in the Kolar Gold Fields and Bowringpet. I expect to realize a large sum of money by the sale thereof. The required sale notice to put up such taverns to public auction will be issued as soon as the accompanying draft is approved and published by Government.

(2) Proper refreshment-rooms are of two classes, *viz.*, (*a*) those maintained by or under the supervision and control of Railway Companies, for supply of liquor to passengers and persons served with meals or eatables, and (*b*) those in which the sale of liquor is combined with the supply of meals or eatables prepared and served in the European manner, in localities where Europeans are in need of the same. The existing Rules do not provide distinctly for such refreshment-rooms. In the aforesaid draft necessary provisions have been made, following the Rules in Madras.

(3) In Government Notification No. 739—Ex. 40, dated 26th July 1898, clubs of the ordinary kind, and not being of a proprietary character, have been exempted from the provisions of the Excise Act; but no license has been prescribed for "Proprietary clubs" and "Co-operative Societies." In the Madras Presidency "Co-operative Societies" do not seem to exist. In the Central Provinces of British India, a Co-operative Society exists at Nagpur, which is required to take out a yearly license, paying a fee of Rs. 150, under which the sales of liquors are restricted to members and European and Eurasian servants of Government who have to purchase a ticket in order to entitle them to deal there. Copies of letters Nos. 378, dated 6th February 1897, and 1068, dated 16th April 1900, from the Commissioner of Excise, Central Provinces, containing information on the subject, are herewith enclosed. Co-operative Societies like Proprietary clubs make profits and divide the same among the members. These clubs and societies are therefore not exempted in British India from the provisions of the Excise Act. Accordingly, I have made necessary provisions in the accompanying draft, so that the Co-operative Societies in the Kolar Gold Fields may be required to take out necessary licenses. Proprietary clubs do not at present exist in Mysore.

(4) "Auctioneer's license" and "Special license" being also necessary as in Madras, they have been provided for in the accompanying draft. Auctioneers sell liquors at Bangalore and Mysore and sometimes in coffee estates in the Malnad. Therefore they have to take out the requisite licenses. The "Special license" is intended to cover every case, the circumstances of which are such as not to allow of the issue of licenses of any of the above descriptions.

(5) In view to prevent very cheap and inferior Foreign spirits from competing with Mysore spirits, the new provision that no Foreign spirits below 15° under proof will be allowed to be sold, has been inserted in the draft. Such Rule now exists in the Bombay Presidency (*vide* para 4 of the Memorandum on the Administration of the Abkari Department of the Province of Sind for the year 1898-99, printed in the "Report on the Administration of the Abkari Department in the Bombay Presidency, Sind and Aden, for the Revenue year 1898-99").

(6) The provisions contained in Government Proceedings No. 78-86—Cir. 2, dated 3rd April 1891, and No. 4138—416, dated 6th July 1891, are inserted in the draft in view to legalise the same.

5. Copy of Madras Rules on the above subject is herewith sent for ready reference.

No. 10430-9—R. F. 119-93, DATED BANGALORE, 30TH JUNE 1901.

ORDER THEREON—The draft of amended Rules submitted with the above is approved and forwarded to the Compiler, *Mysore Gazette*, for publication at once.

2. The Rules will have effect from the 1st July 1901.

NOTIFICATION.

No. 10440—R. F. 119 of 93, dated 30th June 1901.

In exercise of the powers conferred by Section 55 of the Excise Act, XXII of 1881, as amended by Act VI of 1885, and extended to Mysore by Regulation III of 1885, the Government of Mysore hereby frame the following amended Rules for regulating the sale of Foreign liquors from and after the 1st July 1901, in lieu of all existing Rules relating to the subjects herein dealt with—

I. Under Section 3 and for the purposes of the aforesaid Act, the Government of Mysore declare that—

(*a*) "Foreign spirits" and "Foreign fermented liquors" are such "spirits" or "Fermented liquors" as are manufactured in any place in Europe, America or Australia and imported into the Territories of Mysore after due payment of duty to the British Indian Government at the port of importation in India.

(*b*) All other spirits and fermented liquors, including those manufactured in Java, Ceylon and any place whatsoever in India, shall be treated as "Country spirits," or "Country fermented liquors," as the case may be.

II. Licenses for the vend of foreign spirits, or foreign fermented liquors, or both, shall be of the following descriptions :—

1. *Wholesale licenses for the vend of "Foreign Spirits" or "Foreign fermented liquors," or both, not to be drunk on the premises, to licensed dealers only.*—Under these licenses the sale of liquor shall be in quantities of more than two imperial gallons or twelve reputed quart bottles in one transaction. The holders of this license will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint.

2. *Retail shop licenses for the vend of "Foreign spirits" or "Foreign fermented liquors" or both, not to be drunk on the premises, to any person.*—Under this license the sale of liquor in a quantity less than one reputed pint at a time is prohibited.

3. *Retail tavern licenses for the vend of draught foreign malt liquors, only to be drunk on the premises.*—These shall be granted only in special localities selected by the Deputy Commissioner with the previous sanction of the Excise Commissioner; and they shall be granted only to approved highest bidders at public auction.

4. *Hotel and Boarding House licenses for the supply of residents in hotels and boarding houses.*—No liquor shall be sold under these licenses otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requring liquor with the meal or meals supplied to them.

5. *Refreshment Room licenses.*—These will be of two classes :—

(*a*) *For Refreshment Rooms maintained by or under the supervision and control of Railway Companies for supply on the premises of passengers by such Railways.*—Under these licenses liquor may be sold to passengers and persons served with eatables in the Rooms, for consumption on the premises to any extent, provided

that no more than two reputed quarts or four reputed pints of each kind of liquor shall be sold at the Refreshment Room at one time to any such passenger for removal from the premises.

(b) *For Refreshment Rooms in which the sale of liquor is combined with the supply of meals or eatables prepared and served in the European manner.*—It will at all times be optional with the District Deputy Commissioner to withdraw these licenses if it should appear that the sale of liquor to persons who have not partaken of meals in the Refreshment Room, is permitted to such an extent or so habitually that the Refreshment Room may fairly be classed as a tavern. No sale of liquor for removal from the premises will be allowed under these licenses. The premises to be used for the sale of liquor under these licenses shall be at least of the monthly rentable value of Rs. 30 in the cities of Bangalore and Mysore and in the Kolar Gold Fields, and Rs. 15 elsewhere in the Mysore State.

6. *Occasional licenses for the sale of foreign spirits and foreign fermented liquors at refreshment stalls in connection with the race meetings, public entertainments and such other public gatherings.*—Under these licenses no removal of liquor from the premises shall be permitted.

7. *Licenses to Chemists and Druggists.*—These shall be granted for the possession and sale of such foreign spirits and foreign fermented liquors, as may upon enquiry by the Deputy Commissioner, be ascertained to be required for *bonâ fide* medicinal or scientific purposes.

(1) Provided that the quantity possessed under the license at any one time by any chemist or druggist shall not exceed one imperial gallon in the case of imported liquors, and five imperial gallons in the case of double distilled or rectified spirits manufactured in Mysore.

(2) Provided also that the aforesaid spirits or liquors shall not be used or sold for any other purpose than that mentioned in the license.

(3) Provided further that the maximum limit of sale at any one time shall not exceed one reputed pint in the case of a private individual, or two reputed quarts in the case of a chemist, medical practitioner or scientific institution or body.

8. *Licenses to Proprietary Clubs and Co-operative Societies.*—These licenses shall be applied for and obtained from the District Deputy Commissioner by the Agent, Secretary or Manager or other person entrusted with the management of the business connected with the aforesaid clubs or Co-operative Societies. Clubs of the ordinary kind are exempted from such of the provisions of the Excise Act as require them to take out licenses for the sale of foreign spirits, and foreign fermented liquors, so long as the clubs confine themselves to selling the same to their members only.

(1) A "proprietary club" is a club which belongs to a single individual or firm limited, the profits made by the club being enjoyed by such individual or firm who makes a living by it.

(2) An "Ordinary Club" is one which is established for no one's living or benefit but merely for the mutual convenience of the members making no profits, but making receipts and expenditure equal.

(3) "Co-operative Society" is a society formed among working classes or laborers, for supplying themselves and others with articles of consumption, each of them contributing a small sum. The requisite goods are purchased with the money of the society, and sold at the ordinary market rate, the profits being periodically divided among the members or going to increase the capital of the society.

9. *Auctioneer's licenses.*—The following are the important provisions of this license :—

(a) Liberty to give sample bottles in respect of all consignments whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates, or of trade consignments which are ullaged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the license, *viz.*, at any private residence at which the licensee may hold an auction.

10. *Special licenses.*—These will be granted by the District Deputy Commissioner with the previous sanction of the Excise Commissioner, when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions, on such terms and conditions and for such periods as he may on each occasion determine.

III. Any two or more of the above kinds of licenses referred to in paras 1, 2, 4, 5 (*b*) and 10 *supra*, may be granted to the same person for the sale of liquor in the same premises, the accounts of transactions under each license being quite distinct and separate.

IV. No premises shall be used for the sale of liquor unless and until approved by the District Deputy Commissioner.

V. All licenses other than "occasional licenses" and "Special Licenses" will have effect for the official year, *i.e.*, from the 1st July in each year until the 30th June in the following year.

VI. (1) For every wholesale license, retail shop license, hotel and boarding house license, Railway Refreshment Room license, ordinary Refreshment Room license and license to Proprietary clubs and Co-operative Societies, granted under Rule II, there shall be payable a license fee according to the following scale per year or fraction of a year ending with 30th June :—

		Rs.
(*a*)	for a license covering sales up to 500 gallons a year	60
(*b*)	do do over 500 gallons and up to 750 gallons a year	90
(*c*)	do do 750 gallons and up to 1,000 gallons a year	120
(*d*)	for every additional 250 gallons or fraction thereof over 1,000 gallons a year.	30

Out of the above amounts, Rs. 60 as per clause (*a*) shall be paid in advance before the issue of license and the balance, if any, due under the remaining clauses (*b*), (*c*) and (*d*), shall be paid immediately after the close of each quarter of the official year for which the license is granted.

Note:—In addition to the aforesaid license fees, every license holder of retail, hotel or Refreshment Room license within the Cities of Bangalore and Mysore is bound to register his place of business under Section 58 of the Municipal Regulations and pay the Municipality for the certificate of such Registration an annual fee under clause II, III or IV of Schedule C II of the said Regulations.

(2) The fixed fees for the remaining licenses are the following :—

(*a*) For occasional license, a fee not exceeding Rs. 20 for periods not exceeding 10 days at one time.

(*b*) For license to Chemists and Druggists, an annual fee of Rs. 5.

(*c*) Auctioneer's license, an annual fee of Rs. 5.

(*d*) Special license, an annual fee of Rs. 10.

(*e*) The fee for the license for the vend of draught foreign malt liquors, shall be determined by the result of the auction sale of the tavern.

VII. Every applicant for a license to sell foreign spirits and foreign fermented liquors, shall give to the District Deputy Commissioner a list in writing of the particular brands he wishes to sell. The Deputy Commissioner must then satisfy himself that every brand named in the list is of genuine foreign spirit and foreign fermented liquor and is entered in the authoritative list issued by the Excise Commissioner. If he finds in the list any doubtful or spurious brand, he shall exclude the same from the list to be appended to the license. The list appended to the license will be liable to be added to, or otherwise altered, upon the application of the license holder.

VIII. Applicants for licenses must be discouraged from asking for a long list containing brands which they have no intention of importing or selling.

IX. The Deputy Commissioner shall exercise the greatest care possible in admitting into the list any brands not *imported intact* from Europe, America or Australia.

X. Brands bottled in India shall not be admitted into the list without the sanction of Government. The Government, before giving such sanction, will require the strictest guarantee that no country liquor in any shape enters into the composition of such brands. The recommendation of the Excise Commissioner for the sanction of Government to admit into the list any genuine foreign brands bottled in India, shall be accompanied by the guarantees given by the bottlers that no country liquors or drugs or other deleterious substances have entered into the composition of the brands specified in the guarantees.

XI. No foreign spirits below 15° under-proof will be allowed to be sold under any of the licenses granted under Rule II. The District Deputy Commissioner may, however, allow the licensees to dispose of any spirits below 15° under-proof, which may remain in stock after these Rules come to force, but shall admit no such spirits into licenses issued from and after the 1st July 1901.

XII. Licenses granted under Rule II, except the retail tavern license to sell *draught* malt liquors, shall include power to sell double distilled or rectified spirits at strength down to 15° under-proof and other special liquors manufactured in the Mysore Government Central Distillery. The license granted to retail taverns for the vend of *draught* malt liquors, shall have power to vend at the prescribed retail price any country beer which has paid duty to the British Indian Government at the Tariff rate, and also the prescribed duty to the Mysore Government, and which may be certified by the Excise Commissioner as sound and fit for consumption after necessary test and analysis by the Government Chemical Examiner.

XIII. The fixed fees for the licenses shall be payable in advance with applications for licenses.

XIV. All orders passed by the Deputy Commissioners under these Rules will be subject to appeal to the Excise Commissioner and finally to Government.

XV. The Excise Commissioner may issue subsidiary rules of practice not inconsistent with the Excise Act and these Rules.

XVI. Licenses granted under Rule II shall be in the appended forms.

By Order,

VII. The holder of this license shall, upon requisition by any officer not below the grade of an Assistant Commissioner, be bound to produce to such officer, or to any Excise officer empowered by such officer, the original invoice showing the importation of all foreign spirits and fermented liquors for the sale of which this license is granted, and to allow the samples of the spirits in the shop to be tested.

VIII. The holder of this license may sell or transfer to the holder of any other retail license, any foreign spirit or foreign fermented liquor which the latter is, by his license, empowered to sell. Such sale or transfer shall not be effected without previously obtaining a transport permit in the prescribed form under the seal and signature of the Deputy Commissioner.

IX. The holder of this license shall keep true and correct accounts, giving the month and date, the quantity and description of foreign spirituous and fermented liquors obtained, the source from which they were obtained, the quantity and value sold, the person to whom sold, and the balance of stock on hand, daily. Such account shall be open to the inspection of the officers of the Excise Department at any time. An abstract of this account shall be sent monthly in duplicate to the Excise officer appointed to receive the same for check and transmission to the Deputy Commissioner's office, Excise Department. If the licensee holds any other license for the sale of foreign liquors on the same premises, he must keep his accounts of transactions, under it separate from those under this license.

X. The license is not transferable by sale, gift, mortgage or otherwise, and no persons except those mentioned in it shall have power to act under it.

XI. The license-holder may appoint a shop-man or vendor to officiate for him at the shop, but the name of such party or parties shall be first registered in the Deputy Commissioner's office, and the name of such shop-man or vendor duly entered at the top of this license.

XII. A breach of any of the conditions above specified will render the license-holder liable to all penalties provided in that behalf by the Excise Law and Rules thereunder, and shall also render this license liable to cancellation by the Deputy Commissioner at his discretion.

XIII. This license shall continue in force till the 30th June 190

RETAIL TAVERN LICENSE FOR THE VEND OF DRAUGHT FOREIGN MALT LIQUORS TO BE DRUNK ON THE PREMISES.

(Issued under Sections 12 and 13 of Act XXII of 1881.)

1. Register No.—
2. Name of License holder—
3. Name of Vendor—
4. Locality—

I,..... Deputy Commissioner of.....District, do hereby authorize to sell by retail *draught*

foreign malt liquors on the premises No..... under the following conditions :—

CONDITIONS.

I. The privilege extends to the sale of only *draught* genuine foreign malt liquors to be consumed on the premises, and to sale to any person at a time up to one reputed quart for removal from the same.

II. This license will have also power to vend at the prescribed retail price any country beer which has paid duty to the British Indian Government at the tariff rate, and also the prescribed duty to the Mysore Government, and which may be certified by the Excise Commissioner as sound and fit for consumption after necessary test and analysis by the Government Chemical Examiner.

III. Each tavern shall be maintained in the locality described in the Schedule hereto appended.

IV. The amount for which the privilege has been purchased, shall be payable into the taluk treasury in equal monthly instalments commencing from July 1901; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

V. The licensee shall further pay a duty of two annas to the taluk treasury on the prescribed challan for every gallon of country beer or porter which he may be permitted to sell.

VI. The consignment of beer or porter purchased by the licensee shall be sent direct to the Amildar of the taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. After duly verifying the consignment, the Amildar will allow the licensee to remove it to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

VII. The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

VIII. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of beer or porter, which forms shall be purchased from local Excise officers.

IX. The licensee shall be bound to take over any beer or porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 1901 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

X. This license is not transferable by sale, gift, mortgage or otherwise, and no person except such as are named herein shall have power to act under it.

XI. The vendor shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

XII. He shall not sell or give beer or porter in any quantity whatever directly or indirectly to any European or non-commissioned officer or private soldier, nor to any European or East Indian woman connected with, or related to, men of these classes, nor allow him, her, or them to drink beer or porter in his premises or grounds; he will not permit drunkenness or disorderly behaviour in his shop or premises, and will not suffer any gambling whatsoever therein, and will not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein; he will not wilfully harbour or conceal therein soldiers or others, knowing or having reason to believe such soldiers or others to be deserters; he will give information of suspicious characters to the Magistrate or Police officer; and he shall not sell or give beer or porter to any Police officer, Railway servant, or Excise officer whilst on duty.

XIII. He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

XIV. He shall not receive any articles whatsoever in barter or pledge.

XV. The beer and porter sold under this license shall contain 75 per cent of malt or any of the preparations of malt and 3 lbs of good Kent hops per hogshead, and shall be of the same quality and density as purchased; and shall not be diluted or adulterated. The beer and porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty at the prescribed rate per gallon of proof spirit on all alcohol in the beer and porter in excess of 6 per cent by volume, besides being liable for prosecution. Samples of such beer and porter shall be sent duly bottled from the tavern for examination and test whenever required by the Excise Department.

XVI. Any Magistrate having local jurisdiction or officer acting under his warrant or any Abkari or Excise officer shall be allowed entry to the shop at any hour to test the beer or porter on the premises, and examine the shop accounts, which it shall be the duty of the license holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

XVII. He shall close his shop by 9 p. m and not open it before 6 a. m., except on special permit in cases of native festivals, &c.

XVIII. Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the tavern

XIX. The shop shall have only one door, and no window will be allowed to the rear or ends of the building; the bar where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

XX. The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

XXI. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 190 , shall be made good by him. When a license is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

XXII. The penalties laid down in the last preceding clause shall not exempt the licensee or his employes from prosecution for any offence committed against the Excise laws or rule in force.

XXIII. This license shall continue in force till the..... .....190 and no longer, but it may be recalled or resigned as provided in Sections, 13 and 14 of Act XXII of 1881.

PETITION

Proceedings of the Government of Mysore,

READ—

Petitions Nos. 1123, dated 7th December 1899 and 1571, dated 8th February 1900, from Kempalakkegauda and others of Thattekere, Channapatna taluk, objecting to the selection of Survey Nos. 1, 2, 3, 6 and 36 of their village, for the burial ground of the Dayare Mahomedans of Channapatna, on the ground that it would affect the sanitation of their village.

(2) Letter No. 22, dated 5th July 1900, from the Deputy Commissioner, Bangalore district, reporting on the above and stating that as the nearest distance between the burial ground and Thattekere is over 200 yards, their objection is frivolous and that as the village is on a higher level than the burial ground, the rain water falling on the latter cannot percolate into the wells of the village.

(3) Letter No. 5475, dated 20th May 1901, from the Senior Surgeon and Sanitary Commissioner in Mysore.

With reference to your No. 7154—P. 1314 of 13th March 1901, I have the honor to say that I inspected the locality this morning.

2. In the report of the Deputy Commissioner on the subject, dated 5th July 1900, a somewhat serious inaccuracy occurs about the middle of para 3. It is there stated that "the nearest distance between the (new) burial ground and the Thattekere village is over 200 yards," whereas the grave-yard boundary pointed out to me to-day was not quite 60 yards from the village.

3. Bodies buried only 60 yards from a well in a soil like that of the new burial ground near Thattekere, might readily become a source of danger to those using the water. But I think that, considering both the nature of the soil and the fact that the new burial ground is on a slightly lower level than the village, if no bodies are buried there within 150 yard of the village wells, the wells will be safe from contamination by the grave-yard

4. My advice therefore is, to plant at once a good aloe hedge along the grave-yard boundary next the village, which is about 60 yards from the village, and lay out a line *in* the burial ground at a distance of 150 yards from the village and forbid the area between this line and the aloe hedge from being used for the burial of dead bodies. This area might of course be used for building purposes, or any other purpose not likely to contaminate the soil.

5. Some of the villagers complained that the proximity of the grave-yard rendered the presence of ghosts prowling about very possible, and brought this forward as a serious objection to the position of the new burial ground. As this hardly comes under the head of sanitation, I do not dwell on it further.

No. 9891-2—P. 1872, DATED BANGALORE, 11TH JUNE 1901.

ORDER THEREON—The Deputy Commissioner is requested to take the precautions mentioned in the Sanitary Commissioner's letter read above.

2. The petitioners will be informed that precautions have been taken for guarding against any possible injury to the village sanitation.

Correspondence ending with letter No. 922, dated 19th March 1901, from the Deputy Commissioner, Mysore district, reporting on the petition of Venkatanaranabhatta, one of the vrittidars of Melhalli and 12 other Inam villages in the Krishnarajpete taluk, complaining of the mismanagement of the said villages by the agent—Venkataramanaiya—and stating that a sum of Rs. 500 was due to the petitioner from the agent.

No. 10207-14—P. F. 241-92, DATED BANGALORE, 24TH JUNE 1901.

ORDER THEREON—It is clear from the proceedings that the Deputy Commissioners, the Sub-Division Officers and Amildars have failed in their duty as regards exercising supervision over the conduct of the agent of these Agrahar villages. The agent was originally appointed by the Deputy Commissioner in 1876 under the Rules of the Mysore Chief Commissioner's No. 3237-9, dated 28th September 1871 (page 75, Revenue Manual). Para 2 of the Rules says that the agent or "Manager shall be required to furnish all necessary accounts to the co-sharers and to give security in such amount, &c," and in the order of the Deputy Commissioner to the Amildar in sanctioning the appointment of the present agent, the Deputy Commissioner says that "security to the amount of Rs. 2,000 should be furnished by him (the agent) and you (Amildar) should periodically see that he properly keeps the accounts of the villages and makes proper payments to the vrittidars, &c."

2. In appointing an agent in this manner, the Government have in a way assumed responsibility for the manager or agent discharging his duties efficiently. It is matter for regret that neither the Deputy Commissioner nor the Sub-Division Officer have realized their responsibility in regard to exercising proper scrutiny into the actions of the agent. The security ordered was only properly enforced so late as 1895. As regards the agent furnishing the co-sharers with the necessary accounts, no attempt had been made to get the account prepared even so late as 1897. The present report of the Deputy Commissioner shows an utter want of appreciation of his responsibilities in the case. He will take such steps as he may deem proper for ascertaining the exact amount due to petitioner and getting it paid within a month from the date of this order, if necessary, from the security given by the agent. He will insist on the Amil-

dar getting correct accounts from the agent and sending copies of the same to the District office. He will fix a time for the Amildar doing this, and if they are not finished within the time prescribed, he will report the Amildar to Government. He will insist upon the agent producing cash security and deposit the same in the Savings Bank in the usual form.

3. It is a question if the villages should any longer continue to be under the management of an agent appointed by Government under the Chief Commissioner's rules referred to above. Proper accounts will be taken from the agent within six months from this date and the man removed from office from 1st January 1902. The Inamdars will then be responsible for the management of their own villages and also for any dues payable to Government.

4. It will be noted that the Rules of 1871 were framed with a view to "protect the raiyats cultivating lands in Inam villages, the proprietary right in which is held by several persons as co-sharers." This justification for Government undertaking responsibility in regard to the management of the Inam villages, now under consideration, no longer exists, as all the villages have been surveyed and settled, and since the date of the rules a Revenue Code has been passed under which Inamdars can be empowered to collect their rents by an easy process.

FOREST

Proceedings of the Government of Mysore,

READ—

Letter No. 3362—177, dated the 10th April 1901, from the Conservator of Forests in Mysore, submitting for orders copies of certain correspondence which passed between himself and the Deputy Commissioner of the Kadur district, regarding the constitution of State forests in the Yedahalli sub-taluk.

ENCLOSURE TO THE ABOVE.

Letter No. 2790—177, dated 28th February 1901, from the Conservator of Forests in Mysore to the Deputy Commissioner, Kadur district.

I have the honor to address you on the subject of the constitution of State forests in the Kadur district, and to ask you kindly to consider the following remarks and to favor me with your opinion and suggestions as to the course which should probably be pursued in the matter. In view of the comparative exhaustion of some of the State forests nearer to the main export lines and centres of consumption, the subject has, I think, become of special interest and importance. Moreover, it will not, perhaps, be questioned that the sooner such areas as should be permanently safeguarded as State forests are reserved, the better it will be from every point of view.

2. The subject of increased forest reservation in the district may, I suggest, be treated under three heads.

(*a*) Reservation on the Baba Budens (*vide* your office letter No. 29, dated 12th July 1900, to the Secretary to Government).

(*b*) Creation of State forests on the Western Ghauts (*vide* correspondence and orders ending with printed Proceedings of Government No. 6172-81—R. F. 34-96, dated 14th December 1897).

(*c*) Constitution of State forests in the Yedahalli sub-taluk on the watersheds of the Bhadra and Tunga rivers.

I propose to confine myself to the third category. I have no sufficient information as to the possibility of reservation on the Baba Budens; while the ghaut forests are naturally well protected. Reservation in the ghauts, too, would probably necessitate the services of superior revenue and forest officers employed for a considerable period and solely on that duty.

3. The tract of country extending from Bale-Honnur to Mandagadde, contains on either side of the road linking those places very extensive and valuable forests. The locality is the centre of growth in Mysore of the Jambe tree (*Xylia dolabriformis*), the well-known pyingado of Burma and one of the very finest timbers known in India. The tree has not yet been declared "reserved," but probably soon will be. The forests in addition contain teak (near the river beds), matti, honne, nandi and the usual forest species of the semi-malnad country. The soil is in places deep and rich; the forest growth vigorous. For export purposes, the tract is admirably served both by roads and rivers; while the nature of the surface permits of timber being easily dragged or carted where there are no roads. So far as I am aware, there is no part of the Province where so little has been done to constitute State forests or to utilise or safeguard forest resources present and prospective. The forests are undoubtedly of great value, all the more so because we shall be obliged, owing to over-felling in forests nearer to the railway, to fall back at some future time on more remote areas. Apart, however, from immediately prospective requirements in timber, it seems desirable to determine, while the forests are still in good preservation and relatively free of adverse rights of user, what areas in the Yedahalli sub-taluk should be permanently retained as State forests. Moreover, the proportion of maidan and semi-malnad country in the district already constituted State forest is not large.

4. I consequently propose for your consideration that all valuable forests in the Yedahalli sub-taluk which it is possible to reserve, having due regard to the requirements of the people, should be constituted State forests under Chapter II of the Forest Regulation. In para 13 of an inspection note, dated 13th February 1899, prepared when last I visited the forests, I advocated the reservation of two tracts. But even then I was aware that there were several other forests deserving of consideration, and these are mentioned below. A rough statement of statistics, furnished by the Amildar, and pertaining to

33 villages, certain lands of which would go to constitute most of the proposed forests noted below, is attached. From this the following figures are abstracted :—

33 villages ...	Houses	1,517	
	Population	6,316	
	Cattle	11,914	
	Assessed waste	5,157	103,609
	Unassessed waste	22,636	
	Free grazing and gomal	75,816	

These figures go to show what is indeed ascertainable by personal inspection and local enquiry, that there is a large excess of forest waste lands over and above the requirements of the villagers. Supposing for argument, that as much as five acres of waste land should be left for free grazing per head of cattle, an excess of some 43,000 acres or 66 square miles would remain. Such statistics of course can furnish only the broadest indications, but it seems undoubted that, for the purposes of the agricultural community, and especially where the villages are few and far between, large blocks of forest are practically unutilised by the people and could be constituted State forests without any serious inconvenience to them.

5. The following is a rough list of the more valuable forest areas, which, I suggest, should be constituted State forests in whole or part—the areas given are very rough approximations. [Block G is in the Chikmagalur taluk, but, from its situation, is included in the list.]

(*a*) A belt of forest about 12 miles long, situated east and west of the Yedahalli-Bale-Honnur road, and stretching from Bale-Honnur to Bale village. Rough estimate of probable area of State forest, ten square miles.

(*b*) Mallandurgudda forest, situated on a ridge running northwards to the Tunga river near Mandagadde and parallel to Kudaregundehalla. Perhaps 6 or 7 square miles might be reserved.

(*c*) Two blocks to the east of (*a*) and situated on the left bank of the Bhadra. The Kusgal block, estimated at 12 square miles (see letter from Conservator of Forests No. 3813—183, dated 12th February 1898). The Mudaguni block, an almost isolated piece of forest south of the preceding, bordered on three sides by the Bhadra river and estimated to comprise about four square miles.

(*d*) The Aramballi block, of which perhaps five square miles might be reserved.

(*e*) Kardimatti block adjoins Lakvalli State forest on the west. Estimated area, five square miles.

(*f*) Lakvalli extension to south and east of existing State forest. Proposed by District Forest Officer to be reserved. *Vide* Conservator's letter No. 321—595, dated 18th instant. Estimated area, seven square miles.

(*g*) The Gangagiri block (Chikmagalur taluk), occupying a mountain ridge extending from the Tegurgudda State forest at the giri in a south-westerly direction for about six miles to the Bhadra river near Kandya. Perhaps ten square miles could be reserved.

6. Every one of the foregoing tracts contains very valuable timber favorably situated for working, export, &c. I should be obliged if you would favor me with your views on my proposals for reservation; and in the event of your agreeing in principle that the conditions and circumstances of the abovementioned tracts should be enquired into with a view to reservation as State forest, you will inform me how the work can best be carried out, having regard to the provisions of the Forest Regulation. For certain of the forests with which I have some personal acquaintance, settlement work will, I think, prove an easy matter and perhaps could be undertaken without securing the services of a special Forest Settlement Officer. But taking the blocks as a whole, it would perhaps be advisable to move Government to appoint a special officer.

No. 806-7—Ft. F. 39-95, dated Bangalore, 1st June 1901.

Order thereon—From the correspondence read above, it appears that the Conservator of Forests, in his letter No. 2790—177, dated the 28th February 1901, proposed to the Deputy Commissioner, Kadur, the constitution as State forests of eight blocks of forest situate in or near the tract of country extending from Bale-Honnur to Mandagadde and containing valuable timbers, especially of the Jambe tree (*Xylia dolabriformis*). For one of the blocks, a notification under Section 4 of the Forest Regulation, has since been issued in Notification No. 732—Ft. F. 39-95, dated 11th May 1901. The soil is reported to be deep and rich and the forest growth vigorous. For purposes of export the tract is admirably served both by roads and rivers, and the nature of the country permits of timber being easily dragged or carted where there are no roads. The blocks of forest in question are reported to be relatively free from adverse rights of user and to include lands in excess of the requirements of the villagers for communal purposes.

2. The Deputy Commissioner, however, thinks that no forest should be declared State forest until the long-pending question of assigning necessary tracts for village and district forests has been thoroughly settled after which it should be easy to determine what forests can be reserved as State forests.

3. Government observe that the waste lands in the Yedahalli sub-taluk are much more extensive than is needed to meet the reasonable requirements, present and prospective, of the local population. Were the Deputy Commissioner's view adopted, the matter would lie over for an indefinite period and in the meantime the tract would be left without any special protection. The constitution of village forests is an elaborate process and is not likely to be accomplished in the near future. On the other hand, the converse procedure is easy. When the areas mentioned by the Conservator are reserved as State forests once for all, due regard being had to the requirements of the raiyats, lands excluded from the reserves will be available for the use of the villagers. In fact, the proposed settlement will effect both purposes, the satisfaction of the raiyats' requirements and the constitution as State forests of the excess waste.

4. Government are disposed to think that the proposals of the Conservator are good, and desire that a formal settlement should be undertaken with a view to give early and full effect to them. The Deputy Commissioner is accordingly requested to submit for approval and publication in the *Gazette* draft notifications under section 4 of the Forest Regulation in respect of each of the remaining seven blocks in question. Mr. B. Ramaswami Iyer, Assistant Conservator of Forests, will be appointed Forest Settlement Officer and the Deputy Commissioner of the district will hear appeals under Section 15 of the Regulation.

Government Proceedings No. 5906—Ft. F. 16-96, dated the 15th February 1900, requesting the Conservator of Forests to report what modifications he would propose in the existing rules relating to the sale of sandalwood in the State.

Note by the Conservator and Forest Secretary, dated 27th April 1901, submitting for consideration, a revised draft of the rules.

No. 814-21—FT. F. 16-96, DATED BANGALORE, 5TH JUNE 1901.

ORDER THEREON—The rules as now revised are approved and will be published as hereunder in the *Mysore Gazette*.

Secy. to Govt., Forest Dept.

To—The Deputy Commissioners of Districts.

NOTIFICATION.

No. 822—Ft. F. 16-96, dated 5th June 1901.

In supersession of the rules contained in Notification No. 2688—Ft. F. 16-96, dated 8th September 1897, the following revised rules for the sale of sandalwood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the District Forest Officer in conjunction with the Deputy Commissioner of the District, or an Assistant Commissioner deputed by the Deputy Commissioner.

2. Subject to minimum prices, which will be fixed by the Conservator of Forests on behalf of Government but which will not be divulged, the highest bidder shall ordinarily be the purchaser. But the Deputy Commissioner or, in his absence, the District Forest Officer, can reject any bid without assigning a reason therefor. Should the sale of any lot be disputed, it shall immediately be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot and of agreeing to the terms of sale as herein specified. The lot thus sold shall remain intact till weighment by the District Forest Officer under rule 6.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The District Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the District Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit, that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Bank of Madras in favour of that Officer or by cash paid into that Treasury. Such depositors should take care that their remittances to the Huzur Treasury are sufficient to cover their 25 % payment under this rule. These deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability under these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and will adjust such deposits as instructed by the Conservator of Forests. Unutilised deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment, unless the Conservator of Forests, in his discretion, grants an extension of time and the amount is paid within the time so granted. In case of default, the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss but not participate in any profit. The amount due by any defaulter shall be recoverable as a revenue demand.

Moneys due may be paid into the Treasury of the taluk in which the kothi is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under para 4 may pay into the Huzur Treasury the balance due for their sandalwood purchases at each kothi, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to the Forest Officers concerned.

III.—Weighing out and delivery of wood.

6. The District Forest Officer or, in his absence, any other gazetted Officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each kothi must be completed within ninety days from the date of sale.

When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur the Officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having thus been once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent within the ninety days above referred to, the District Forest Officer, or the Officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure thus incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the kothi shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon, provided that at least 8 days' clear notice be given of intention to take delivery.

7. No wood can be removed from the kothi by any purchaser before 7 A. M. or after 5 P. M. or until it has been paid for in full and until a "License to remove" shall have been obtained from the District Forest Officer or from any other officer duly authorized in that behalf.

IV.—Kothi rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of kothi rent. Such wood, if left in the kothis for more than 90 days from date of sale, shall be charged with kothi rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale, the original purchaser tenders the rent due and all costs, he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the kothi till a "License to remove sandalwood," signed by the District Forest Officer or other Officer authorized in this behalf, shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions therein laid down. Any trader or other person infringing the provisions of the Forest Law or the terms of his license or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the Mysore Forest Regulation. To meet the convenience of purchasers exporting wood through His Majesty's Territories, the Forest Officer will, on request, issue to each such purchaser one or more licenses indicating the weight of wood or number of pieces, bags, &c, in each cart or consignment. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except for special and cogent reasons and under the Deputy Commissioner's orders.

VI.—General.

10. Sandalwood sold under these rules shall not, after removal from the kothi', be stored anywhere in the Mysore State without the permission in writing of the District Forest Officer concerned.

11. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

12. The District Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the Officer deputed by the Deputy Commissioner, to stop the sale at any time without giving any reason to the intending purchasers.

13. With the exception of damage or loss arising from gross negligence on the part of the officials of the Forest Department concerned, the wood will remain at the kothi at the risk of the purchaser from the date of sale until it is finally weighed out under rule 6. Thereafter the Forest Department will not accept any kind of risk.

14 Copies of those rules will be made available at the time of auction for the information of intending purchasers.

Note thereon by the Conservator and Forest Secretary, dated 31st May 1901.

No. 872-80—FT. F. 52-95, DATED BANGALORE, 24TH JUNE 1901.

ORDER THEREON—With reference to the above, Government are pleased to direct that with effect from 1902-1903 the separate budget for "Kheddas" should be discontinued. The elephants will be distributed amongst the various districts where they are required for forest operations, the expenditure being budgetted and accounted for under the appropriate heads and sub-heads of accounts in the Forest Department, but in such a way that receipts and charges of the kinds now pertaining to Kheddas may be ascertainable at any time.

Report on the Forest Administration of the Mysore State for the year 1899-1900.

No. 908-948—FT. F. 7-1900, DATED BANGALORE, 28TH JUNE 1901.

ORDER THEREON—The year was marked by scanty rainfall and a prolonged dry season followed by serious fires.

2. *Para 3, Forest Settlements and selections for further reservation.*—This is a work of considerable importance and should have received greater attention from the local authorities. The progress secured under this head was disappointingly small.

3. *Para 4, Demarcation.*—The work done in Kadur was practically *nil* and cannot be regarded as satisfactory.

4. *Para 8, Working plans.*—The preparation of these is important, and the neglect noticed in the Mysore district is regrettable.

5. *Para 17, Cases of injury to sandal trees.*—This offence is apparently more common than appears from the figures furnished, and must be more energetically dealt with.

6. *Para 20, Fire protection.*—The percentage of success in fire protection was much smaller than in the previous year.

7. *Para 26, Natural reproduction.*—Was on the whole very poor during the year under report.

8. *Para 27, Artificial reproduction.*—The work done by both the Forest and Revenue Departments left much to be desired, and Government hope that the next and succeeding years will show a substantial improvement, especially in the sowing and dibbling of sandal and date in suitable localities.

9. *Para 36, Transport of forest produce.*—Water and elephants should, if possible, be more largely used as means of transport than at present.

10. *Paras 50 and 51, Preparation and assortment of Sandalwood.*—The improvements recently effected do not seem to have gone far enough, and much remains yet to be done to place this work on a proper basis.

11. *Para 86, Groves and avenues.*—The proper maintenance of these and the effective prevention of damage thereto are matters to which the local revenue authorities should give every possible attention.

12. Mr. Pigot's administration of the Department was characterized by vigour and zeal.

Report by the Chief Commandant, Mysore State Troops, on the working of the Mysore Military Forces and Military Stores Establishment for the year 1899-1900.

No. 2545—136, DATED BANGALORE, 26TH JUNE 1901.

ORDER THEREON—Government make the following notes :—

I. As regards the Forces :—

1. New Standing Orders have been issued.
2. The budget grants have not been exceeded.
3. The strength of the Force is much the same, showing only an increase of 100 men on the gross total.
4. About 126 Stud-breds were given over to the Imperial Government for the South African War.
5. The accepted Remounts from the Government Stud Farm total 34 Troop horses and some 20 Transport ponies.
6. The Musketry seems progressing.

II. As regards Stores :—

Extra work caused by equipment of Palace Troops and building of Government Transport carts seems to have been carried out satisfactorily.

It is, however, noted that the equipment account is not reported on, and that in contravention of para 2 (*c*) of Government Proceedings No. 463-4—59, Military, dated 13th December 1897, the Chief Commandant has changed patterns of dress without reference to Government.

The result of the yearly verification of Stores required by clause (*g*), para 2 of the same Proceedings, should in future be noted in the Annual Report.

Correspondence ending with letter No. 1363, dated 1st April 1901, from the Deputy Commissioner, Kadur district, regarding the registry of certain kandayam lands as inam to the Sri Venugopalaswami temple at Basavanahalli, in lieu of the temple's inam lands taken up by the Municipality for the extension of Chikmagalur town.

No. 1280-2—MUZ. F. 19-98, DATED (CAMP) MYSORE, 7TH JUNE 1901.

ORDER THEREON—The Government in their Proceedings No. 571, dated 23rd November 1900, sanctioned the purchase of certain kandayam lands in lieu of the marginally noted inam lands measuring 7 acres and assessed at Rs. 42-4-0, attached to the Sri Venugopalaswami temple at Basavanahalli under Title-deed No. 45—298, of Chikmagalur taluk, which were taken up by the Chikmagalur Municipality for the extension of the town, on payment of a compensation of Rs. 629.

Petitions Nos. 498 and 756, dated 28th October 1899 and 18th December 1900, respectively, from the Agent of the Sri Sringeri Matt, regarding the Ashta Theerthotsavam in the Sri Srikanteswaraswami temple at Nanjangud.

AND—Rubkari No. 76, dated 8th April 1901, from the Deputy Commissioner, Mysore district, reporting on the above.

No. 1286-94—MUZ. F. 165-92, DATED (CAMP) MYSORE, 7TH JUNE 1901.

ORDER THEREON—From the records received with the above, it appears that the Ashta Theerthotsavam in the Sri Srikanteswaraswami temple at Nanjangud is being celebrated every year on the "Vrischika Sankramana" day. For the

past few years, the Sri Sringeri Matt has been conducting Santarpane on the occasion. In 1898, this Utsavam had to come off on the 15th November according to *mamul*, but the local Agent of the Matt at Nanjangud, who is also one of the Dharmadarsees of the temple, having represented some inconvenience to perform the Santarpane on that day, the Utsavam was postponed to a subsequent date, *viz.*, the 21st November 1898. Upon this, the Agamik of the temple complained that this innovation was against *mamul*; and the Amildar, who had been absent on the occasion of the postponement of the Utsavam, enquired into the matter and recorded his opinion that the Utsavam ought to have been celebrated on the due date. The question now for orders on the petition of the Agent of the Sri Sringeri Matt, is whether the Utsavam in question can be postponed to any day when the Matt is able to conduct its Santarpane or whether it should be celebrated on the "Vrischika Sankramana" day of every year as heretofore.

2. The Government observe that the Ashta Theerthotsavam in the Sri Srikanteswaraswami temple at Nanjangud should be celebrated annually on the day prescribed therefor, *viz.*, the Vrischika Sankramana day, without regard to the date on which the Sri Sringeri Matt is able to conduct its Santarpane; and they are not prepared to authorize any departure from *mamul*. The authorities concerned should be reprimanded for introducing an innovation and altering the existing usage on the occasion referred to above.

Government Proceedings No. 716-7—Muz. F. 51-93, dated 30th December 1899, conveying orders in the matter of regulating the expenditure in His Highness the Maharaja's Chattram at Mysore.

AND—Correspondence ending with letter No. 55, dated 18th April 1901, from the Palace Controller, Mysore, regarding the feeding of a limited number of Sanskrit students in the Chattram at Mysore.

No. 1283-4—MUZ. F. 17-97, DATED (CAMP) MYSORE, 7TH JUNE 1901.

ORDER THEREON—It appears from the correspondence read above that a certain number of very poor and deserving Sanskrit students were formerly being fed in the chattram at Mysore and that the practice was discontinued in consequence of the direction contained in Proceedings No. 716-7—Muz. F. 51-93, dated 30th December 1899, to the effect that the feeding in the Chattram should be strictly confined to *bonâ fide* travellers.

2. The Palace Controller now reports that the prohibition has caused much hardship to a number of really poor and helpless Sanskrit students, and he therefore recommends that sanction may be accorded to feed as before, a limited number of Sanskrit school-going students not exceeding 30 in number in His Highness the Maharaja's Chattram. The Palace Controller also promises that he will make arrangements to feed these students in the Chattram without exceeding the sanctioned allotment of Rs. 500 provided for feeding travellers and without any inconvenience to *bonâ fide* travellers.

3. Under these circumstances, the Government are pleased to sanction the Palace Controller's recommendation, on the understanding that the concession is allowed to only such students of the Maharaja's Sanskrit College as have no permanent home in the Mysore City and have no means of subsistence while there, and subject to the condition that the Government grant of Rs. 500 per mensem, made for the feeding of travellers, is not exceeded. A list of the students selected from time to time, for the concession, with particulars as to the circumstances relating to each, should be submitted to this office.

4. The Palace Controller is also requested to report in consultation with the Committee of the Sanskrit College whether the scholarships, if any, held by the students selected for being fed in the Chattram may be withheld, in whole or in part, and placed at the credit of the Chattram, and if so, what the amount thereof will be.

(2) Government Proceedings No. 626-7—Muz. F. 51-93, dated 14th December 1893, sanctioning rules for the management of His Highness the Maharaja's Chattram and "Kangalarakki" at Mysore.

(3) Letter No. 1332—Muz. F. 51-93, dated 3rd May 1898, to the Palace Controller, Mysore, stating that no vacancies amongst the existing recipients of the "Kangalarakki" charity should be filled up nor any one newly admitted to relief, pending further orders of Government.

(4) Correspondence ending with letter No. 55, dated 18th April 1901, from the Palace Controller, Mysore, requesting that he may be re-authorized to issue "Kangalarakki" rice doles to persons deserving them.

No. 1285—MUZ. F. 17-97, DATED (CAMP) MYSORE, 7TH JUNE 1901.

ORDER THEREON—Under the rules sanctioned in the Government Order of the 14th December 1893, the distribution of "Kangalarakki" is restricted solely to the relief of the deserving poor, and only to those who have been rendered destitute and unable to work for their maintenance by reason of sex, extreme old age, physical infirmity or other similar causes. And further in Rule 7 it is directed that no new name should be admitted on the register, without a strict investigation of the circumstances of the applicants for relief.

2. The Palace Controller reports that he has had the unpleasant duty of refusing a large number of deserving objects, and requests that he may be re-authorized to issue "Kangalarakki" rice doles for the relief of fresh cases of distress *within* the sanctioned grant provided therefor.

3. In the foregoing circumstances, the Government are pleased to empower the Palace Controller to admit new persons to the charity whenever necessary, in strict accordance with the rules, subject to the condition of keeping the expenditure strictly *within* the sanctioned grant of Rs. 750 per mensem.

4. The present condition of the existing recipients of the charity should be carefully examined, and the names of such of them as may have become able to earn a livelihood for themselves, removed from the list so as to make room for persons more deserving of the charity.

5. The monthly list of new admissions prescribed by Rule 8 should be regularly submitted to Government, with particulars as to the physical disability, destitute condition or other grounds for the admission of the persons concerned, so as to enable Government to judge the eligibility of each case. To effect a proper elimination of such of the persons as have ceased to deserve the receipt of charity under Rule 6, Government think that all recipients should be examined by the Controller once in six months and the list thoroughly revised.

Correspondence ending with letter No. 1271, dated 22nd April 1901, from the Deputy Commissioner, Kolar district, recommending, for reasons stated, the removal of one Ramachar from the archakship of the temples at Lakkur and other places in the Malur taluk.

AND READ—

Government Proceedings No. 119-26—Cir. 7, dated 23rd April 1892, stating that the continuance of the archaks in their office will depend upon their good conduct.

No. 1300-7, DATED BANGALORE, 15TH JUNE 1901.

ORDER THEREON—From the records received with the Deputy Commissioner's letter read above, it appears that one Ramachar is employed as archak of the marginally noted eight temples in the Malur taluk, of which the last two are not Muzrai institutions. Of the remaining six temples, he is a shareholder in the first four, a gumasta in the fifth and the sole archak in the sixth. The Deputy Commissioner, in submitting an extract from the Amildar-Magistrate's judgment in criminal case No. 75 of 1898-99, reports that through the Archak Ramachar's instigation and connivance, the principal idol in the Sri Kodandaramaswami temple (a non-Muzrai institution) at Lakkur was mutilated, that the people are on this score afraid that he might interfere with the idols in the other Muzrai institutions in the neighbourhood, wherein also he is either the sole archak or is a co-sharer in the office, that no amount of security that he may offer will compensate the loss of sanctity that may result from his interference, that the people are not willing to take thirtha and other offerings from his hands and that it is not desirable to force upon the public an archak in whom they have no confidence and whom they look upon as unprincipled and unholy. The Deputy Commissioner therefore recommends the removal of Ramachar from the archakship of the temples in question.

1. Chik Tirupati Venkataramanaswami temple.
2. Sampangere Venkataramanaswami and Anjaneyaswami temples.
3. Anche Masker Anjaneyaswami temple.
4. Jangenahalli Tirumaladevaru temple.
5. Hulimangala Narasimhaswami temple.
6. Lakkur Anjaneyaswami temple.
7. Do Kodandaramaswami temple.
8. Do Lakshminarayanaswami temple.

2. In these circumstances, the Government direct the removal of Ramachar from the office of archak of the Muzrai temples mentioned in the foregoing para. The question of his removal from the archakship of the two non-Muzrai institutions should be left entirely to the managers thereof, and the Government in the Muzrai Department can pass no orders on the subject.

No. 1308-17—MUZ. F. 105-92, DATED BANGALORE, 15TH JUNE 1901.

ORDER—The Government observe that the repairs of the Muzrai Institutions sanctioned out of the State grant are not being carried out before the end of the official year in which the grant is made payable, thus necessitating a second assignment of fresh funds for the same works after execution.

2. The attention of the Deputy Commissioners is therefore drawn to the Government Proceedings No. 121-9—Muz. F. 105-92, dated 22nd July 1897, issued on the subject, and they are requested to pay strict attention to the instructions therein laid down. No bill on account of works executed will be accepted for payment after the State grant allotted therefor has lapsed.

The following letter No. 1057, dated 10th May 1901, from the Deputy Commissioner, Tumkur district :—

"In reply to your docket No. 495—Muz. F. 74-93, dated 2nd November 1900, calling for a report regarding the management, &c., of the Bandihalli and three other Inam villages, endowed for the maintenance of the charities established by the late Damodar Dass Sait at Bandihalli in the Kunigal taluk, I have the honor to enclose in original the detailed report, dated the 30th March 1901, received from the 2nd General Assistant Commissioner, and to state that the villages marginally named were taken over under the management of the Muzrai Department in the years noted opposite to them.

1. Bandihalli. 2. Lakkasettipura. 3. Bolenahalli. 4. Chikmutkur.	In 1897-98.	Tangachihalli, a hamlet attached to the Chikmutkur village.	In 1898-99.

2. The revenue, excepting Abkari, of these villages for the three years Hevilambi, Vilambi and Vikari (1897-98 to 1899-1900 inclusive) was as noted below :—

	1897-98.			1898-99.			1899-1900.

Total ...	1,187	5	8	1,570	1	8	1,905	7	10

3. The total annual expenditure incurred in connection with the worship &c., conducted in the temples and other institutions, as also on account of the establishments maintained for the management of the charities, is Rs. 1,055 as particularized institutionwar in the accompanying statement. This has left a surplus up to the 30th April 1901, of Rs. 3,393-9-1 in favor of the institutions.

4. The following establishment is maintained for the general management of the chattram and temples :—

1 Shekdar at Rs. 10 per month.

2 Shanbhogs one at Rs. 3 and 1 at Rs. 1—8—0 per month.

2 Patels 1 at Rs. 2 and 1 at Re. 1 per month.

1 Peon for shekdar at Rs. 4 a month.

Total Rs. 258 per annum

5. For want of a separate suitable building for the chattram transferred from Bandihalli to Huliyurdurga, the feeding is being temporarily conducted in the new musafirkhana at the latter place as reported in letter No. 672, dated the 25th February 1900.

6. With the improvement proposed by the 2nd Assistant Commissioner to the Bandihalli tank in Chikmutkur, as also with the introduction of the Revenue Survey Settlement into the said Inam villages, it is expected that their revenues will be greatly enhanced to the benefit of the charities established by the late Damodar Dass Sait."

AND ALSO—

Letter No. 1002, dated 20th April 1901, from the Deputy Commissioner, stating that Janjunda Sastri, a recipient of the monthly allowance of Rs. 3 for Mantrapushpa service in the Vishnu and the Siva temples at Bandihalli, was, in addition to the cash payment, receiving 30 seers of rice a month with condiments, before the Inam villages came under Government management, that the same was omitted to be provided for in the proposed

Tasdik Patti submitted to Government for sanction and recommending therefore that the rice dole might be continued to the said Nanjunda Sastri and the Tasdik Patti modified accordingly.

No. 1360-3—MUZ. F. 74-93, DATED BANGALORE, 20TH JUNE 1901.

ORDER THEREON—The Government approve of the Deputy Commissioner's proposals submitted in the foregoing letters.

2. The establishment and other charges will be paid in cash every month (except the rice dole sanctioned in the next following paragraph) as per scale framed by the Deputy Commissioner, and now approved by Government.

3. The rice doles amounting to 30 seers of rice a month with condiments, recommended on behalf of Nanjunda Sastri, for Mantrapushpa service in the Vishnu and Siva temples at Bandihalli, are sanctioned.

4. The Deputy Commissioner is requested to report what amount actually derived under the head "Abkari" has been now held in deposit in the Treasury and why it should not be drawn and invested in the Government Savings Bank like the other income of the Inam villages.

5. The question of repairing the tank, &c., should be submitted to Government in a separate communication.

No. 383-415—3378-410, DATED BANGALORE, 24TH JUNE 1901.

ORDER THEREON—In supersession of the above quoted orders regarding the levying of rents on Government buildings occupied as residences and the maintenance and improvement of such buildings, the following modified rules are promulgated for strict observance with effect from the 1st July 1901.

2. The amount of rent to be paid per mensem by all Government officials (except those specially exempted) occupying public buildings will be as follows :—

(Every fraction of a rupee less than half a rupee to be taken as half a rupee in the results arrived at in calculating the percentages.)

2 per cent on salary above Rs. 15 up to Rs. 50.		
3	ditto	Rs. 50 but not exceeding Rs. 100.
4	ditto	Rs. 100 but not exceeding Rs. 500.
5	ditto	Rs. 500.

No rent to be charged to those in receipt of salaries under Rs. 15.

But Government reserve to themselves the right of fixing special rent in such cases as they may consider necessary.

3. No rent is to be charged—

(1) To officers whose residence within, or in close proximity to the premises of the institution in which they are employed, is considered by Government to be necessary, and who have been provided with an official residence with this object;

(2) To an officer entitled to a free house as a part of his official emoluments in accordance with an order of Government. A free house does not include any of the furniture required for it, but Government will do all that any landlord usually does, such as providing mats, blinds, employing a gardener, &c.

4. The amount of rent to be paid per mensem by any private person for the occupancy of a Government building will be fixed in each case by the Public Works Secretary to Government at half per cent on the original cost or present value of the building as shown in the Registers, subject to the minimum limit of Rs. 2.

N. B.—A proportionate reduction to be made in the event of only a part of the building being occupied. This may be applied also to Government officials at the discretion of the Public Works Secretary.

5. The collection of rents (except for travellers' bungalows) will rest with the Public Works Department, to which they will be credited.

6. The payment of municipal or other taxes to rest, as at present, with the Public Works Department.

7. The custody of all unoccupied buildings will rest with the Revenue Department which will be held responsible for all wanton damage which may happen to them while in its charge. Watchmen should be employed at Government cost only when a building is vacant. Proposals for the occupation of such buildings for public purposes, or as residences of officials or others, should be sanctioned by the Public Works Department.

8. The work to be done by the Public Works Department to public buildings occupied as residences will be confined to what is necessary—

(1) for the stability of the building,
(2) to prevent deterioration of or leakage through the roof,
(3) to what may be required for proper sanitation,
(4) in exceptional cases to provide minimum accommodation (where it already does not exist) for a household of a nationality to which the officer belongs.

9. All other additions, alterations, or repairs (including white and color washing) must be carried out by the tenants, who will be held responsible for the condition of the building and who, on vacating, are bound to hand over the same in clean and proper order.

10. Improvements or alterations proposed by tenants can be made by them with the *express approval* of the Executive Engineer, who is at liberty to assist them in the execution or designing of such work, or to carry out himself the improvements or alterations necessary, as well as all necessary periodical repairs, recovering the cost beforehand from the tenants.

11. Occupants of Government buildings must give timely intimation to the Public Works officer or subordinate at the place, of the date on which they intend to vacate, to allow of an inspection being made to ascertain that the buildings are handed over "in clean and proper order." If a building is not in that condition, what is required to render it so should be noted and communicated to the party concerned at once, and steps taken to recover cost of same from him.

12. These rules do not apply to travellers' bungalows for the occupation of which by Government officials, the prescribed fees will be levied.

13. If a building is provided for a Government official as his residence, whether newly built, bought, or adopted for the purpose, that official is bound to pay rent even if he does not occupy it. But if the building is taken up by some other official, the rent recovered from him will be deducted from the amount of rent payable by the official for whom the house was intended.

Proceedings of the Government of Mysore.

READ—

The following Note No. 31, dated the 22nd May 1901, from the Secretary to the Government of Mysore for Railways, submitting for sanction Railway budget estimates for the official year 1901-1902, aggregating Rs. 1,57,001 :—

"I beg to submit for sanction of Government, Railway budget estimates aggregating Rs. 1,73,000 for the official year 1901-1902, with the following brief remarks :—

I. OPEN LINE.

(1) Kolar Gold Fields Railway.—The sum of Rs. 30,670 provided against this, represents the amount payable to the Madras Railway Company on account of Capital works to be undertaken during the official year 1901-1902. Estimates for the works noted in red ink have already been sanctioned by the Durbar, and the amounts entered against each represent only the balance now remaining to be paid on those estimates. Estimates for works aggregating Rs. 10,500 are awaited from the Company.

(2) Birur-Shimoga Railway.—The sum of Rs. 1,12,931 provided represents the amount payable to the Southern Mahratta Railway Company on account of Capital works the estimates for which have already been sanctioned by the Durbar.

(3) Bangalore-Hindupur Railway.—The sum of Rs. 4,000 provided represents the amount payable to the Southern Mahratta Railway Company on account of Police accommodation at Dodballapur. Estimate for the same is awaited from that Company.

II. SALOON CARRIAGES.

Of the sum of Rs. 19,000 provided in the budget Rs. 2,000 is on account of the rent due by the Durbar on the shed and siding accommodation, repairs, &c., and the remaining Rs. 17,000 for building of a new saloon carriage for the use of the Secretary for Railways regarding which please peruse my Note No. 30, dated the 13th instant.

III. DIRECTION AND ACCOUNTS.

This calls for no remarks.

2. Statements showing the works in detail, received from the two Railway Companies are also submitted."

No. 394—RY. F. 29, DATED BANGALORE, 13TH JUNE 1901.

ORDER THEREON—The above budget estimates are sanctioned with the remark that owing to the present financial pressure, the provision of Rs. 17,000 made therein under "Saloon carriages" be struck out.

2. A copy of the budget estimates is attached.

GEOLOGICAL

Proceedings of the Government of Mysore.

READ—

Memo No. 36, dated 12th April 1901, from the State Geologist in Mysore, requesting sanction to the transfer of the gas works to the Agricultural Chemist's Department and to authorise the Agricultural Chemist to make the necessary provision in the budget of his Department for the establishment and maintenance of the works.

No. 362-3 G.—F. 31, DATED BANGALORE, 15TH JUNE 1901.

ORDER THEREON—The Government are pleased to sanction the transfer of the gas works from the Geological Department to the Agricultural Chemist's Department with effect from 1st July 1901.

The establishment of the gas works, as per margin, will also be transferred from the Geological to the Agricultural Chemist's Department, and the Comptroller is requested to make the necessary alterations in the respective budgets of these Departments.

1 Fireman on Rs. 20 per mensem.
1 Fireman on Rs. 10 per mensem.

As regards the maintenance of the works, the annual cost is reported by the State Geologist to be about Rs. 900 per annum, as per margin, and the necessary provision will be made in the Agricultural Chemist's budget for this purpose.

With reference to para 5 of Government Proceedings (General and Revenue Departments) No. 9638-40—R. F. 12-1900, dated 4th June 1901, the Government observe that the usual annual allotment for contingencies (*viz.*, Rs. 4,800) in the budget of the Geological Department has been found during the past four or five years to be insufficient for the requirements of that Department, and that every year additional grants had to be made to this head from other heads of the budget of the Department. The Government are accordingly pleased to direct in modification of their order in the General and Revenue Departments quoted above, that the contingent grant of the Geological Department may be kept at the entire amount hitherto allowed and that an additional provision of Rs. 900 may be made in the Agricultural Chemist's budget for the maintenance of the gas works.

READ AGAIN—

Government Proceedings No. 6521-3—R. F. 175-92, dated 17th March 1900, approving of the suggestion of the Secretary to the Government of Mysore in the Geological Department, that it would be advisable not to sell the right to collect corundum in those taluks of the Bangalore and Kolar districts which are not included in the license granted to Mr. Forrester, for at least one year, until it is seen how the license works out, and directing the Deputy Commissioners of those districts to give effect to it accordingly.

READ ALSO—

Government Proceedings No. 3304-12—R. F. 175-92, dated 26th October 1900, directing that the right to collect corundum should not be sold by public auction and that applications for the collection of corundum should be referred to the Geological Department.

No. 530-38M—F. 88, DATED BANGALORE, 29TH JUNE 1901.

ORDER THEREON—With regard to the collection of corundum in the State of Mysore, the system previously in vogue of putting up to auction the right to collect corundum from year to year in various parts of the State, has been found not to work satisfactorily.

2. Under that system comparatively little collecting work was done; the person to whom the rights were granted frequently did not complete his contract, and no reliable information was obtained as to the amounts of corundum collected or as to the principal localities in which the mineral was found to occur.

3. The system of selling these rights by auction was therefore ordered to be discontinued by Government in Proceedings No. 3304-12—R. F. 175-92, dated 20th October 1900.

4. The Government of Mysore are now pleased to direct that in future the right to collect corundum shall be granted under licenses to be issued by Deputy Commissioners on the following terms :—

(1) The period for which any license may be granted shall not exceed one year terminating on the 31st of December.

(2) The area to which each license applies shall be determined by the Deputy Commissioner according to the number of applications received and shall consist of one or more villages; the names of the villages contained in the said area and their total area in square miles shall be entered in a schedule attached to the license. The whole area granted under each license shall consist of adjoining villages, that is, it shall not be made up of two or more isolated villages or groups of villages.

(3) The fee for each license shall be Rs. 10 and the applicant shall in addition pay a deposit of one rupee per square mile of area granted to him, and which deposit shall be regarded as the minimum royalty to be paid by the licensee during the term of the license.

(4) The royalty to be paid by the licensee shall be rupees one and a quarter (Rs. 1¼) per kandy (850 lbs.) of corundum.

(5) No corundum shall be removed from the licensed area without a written permit from the Amildar of the taluk in which the area is situated. When the licensee wishes to remove any corundum which has been collected, he shall forward to the Amildar a statement showing the amount of corundum collected from each village area together with the royalty due on the total amount and request permission to remove this amount from the place where it lies to some specified destination. The Amildar may thereupon grant the permit required, taking any steps which he may consider necessary to satisfy himself of the correctness of the amount to be removed.

(6) In case of more than one application being received for the same area, the Deputy Commissioner may divide the area amongst the applicants or may request them to state what minimum royalty they are severally prepared to guarantee in excess of that required by para 3. The license will, under ordinary circumstances, be granted to the applicant who guarantees the hightest minimum royalty and he will be required to deposit the amount so guaranteed in the District Treasury.

(7) If the total royalty paid during the term of the license—at the rate of Rs. 1¼ per kandy—exceeds the amount deposited according to para 3 or 6, the amount of the deposit shall be returned to the licensee upon the termination of the license; on the other hand, if the royalty paid during the term of the license is less than the guaranteed minimum, the deficit shall be made good from the amount deposited and the balance of the latter returned to the licensee.

(8) The return of the deposit, according to para 7, is subject to the due fulfilment on the part of the licensee of the terms and conditions of the licenese.

The form of license to be used is the following:—

Fee Rs. 10. *No.*

LICENSE TO SEARCH FOR AND COLLECT CORUNDUM.

Name and address of Licensee.

Situation of area licensed according to the schedule attached hereto. Taluk. District.

Number of square miles of area licensed.

Amount of deposit being the minimum royalty guaranteed by the licensee during the term of the license.

This license expires on the 31st of December 190 .

District
190 . (Seal) *Deputy Commissioner.*

CONDITIONS.

The royalty to be paid by the licensee shall be rupees one and a quarter (1¼) per kandy (850 lbs.) of corundum.

2. No corundum shall be removed from the licensed area without a written permit from the Amildar of the taluk in which the area is situated. When the licensee wishes to remove any corundum which has been collected, he shall forward to the Amildar a statement showing the amount of corundum collected from each village area together with the royalty due on the total amount and request permission to remove this amount from the place where it lies to some specified destination. The Amildar may thereupon grant the permit required, taking any steps which he may consider necessary to satisfy himself of the correctness of the amount to be removed.

3. If the total royalty paid by the licensee exceeds the amount of the deposit, the deposit shall be returned to the licensee upon the termination of the license; on the other hand, if the royalty paid during the term of the license is less than the guaranteed minimum, the deficit shall be made good from the amount deposited and the balance of the latter returned to the licensee.

4. The return of the deposit is subject to the due fulfilment on the part of the licensee of the terms and conditions of the license.

5. This license is subject to any existing vested interests in the licensed area or in the minerals, stones or rocks therein contained.

6. All operations shall be conducted in accordance with such regulations as the Government may from time to time prescribe.

7. The licensee may turn up the surface of the ground or make excavations to such depth as the Deputy Commissioner may allow.

8. On the termination of the license the licensee shall fill up or fence any holes or excavations he may have made to such extent as the Deputy Commissioner may require.

9. No excavation may be made exceeding 10 feet in depth without the sanction in writing of the Deputy Commissioner, who may demand a deposit, not exceeding Rs. 100, as security for the fulfilment of the conditions laid down in clause 8 hereof before giving such sanction.

10. The licensee shall keep proper accounts of all work carried on and of the quantity and value of corundum collected and disposed of, and shall furnish such information about these and about other matters in connection with the licensed area as the Government may require.

11. In the course of operations, no occupied or private lands shall be entered upon or disfigured, except with the sanction, in writing, of the occupant or owner thereof.

12. The licensee shall abstain from all interference with the free use of any tanks, water courses, sacred groves, burial grounds or village sites for houses, which may now exist in the said area, and in no way obstruct any road, path or by-way, of any kind whatsoever, in the said area, and will not do anything which may directly or indirectly injure in any way any occupied lands, villages, houses or trees whether in the said area or adjoining thereto.

NOTIFICATION.

No. 529-M.—F. 144, dated 29th June 1901.

The Government are pleased to direct the following amendments and additions to be made in the Rules under the Mysore Explosives Regulation, II of 1888, published with Notification No. 311—M., dated 29th June 1898, and amended by Notifications No. 233—M., dated 15th May 1899 and No. 228—M., dated 30th December 1900:—

For Rule 33 VII (e) substitute the following:—

"Explosives may be carried by mixed trains on any line on which goods trains are not running, subject to the conditions that they are loaded in properly constructed powder vans; that not more than one powder van containing explosives is forwarded at any one time by a mixed train; that there are not less than three vehicles between the powder van and either the engine or the passenger coaches; that the powder van is close-coupled to the adjoining vehicles; and that directly a powder van containing explosives arrives at a section on which goods trains are running, it is detached from the mixed train."

Rule 5, proviso II, will be altered as follows:—

"To the possession of fire-works, not exceeding 200 lbs., if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days, provided that the possession of such fire-works in Municipal areas shall only be authorised on the obtaining of a permit to this effect. Such a permit shall be granted, free of cost, by a Magistrate of the 1st class or by a Police Officer not below the rank of an Assistant Superintendent of Police, on the applicant certifying that the fire-works shall be kept in a closed receptacle in a building or excavation at a safe distance from any dwelling house, shop or public way."

The following proviso will be added to Condition 9 of Form A, Condition 8 of Form B and Condition 4 of Form C of the forms prescribed in the Schedule appended to the Rules:—

"Provided that this condition shall not be obligatory in a building in which no explosive other than an explosive of the 1st Division of the 6th (ammunition) class is kept."
